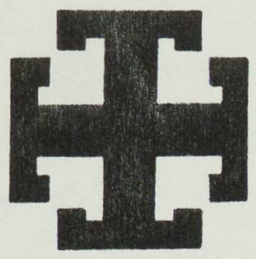
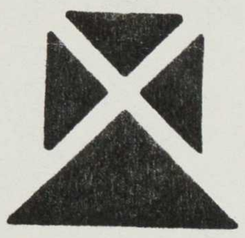
ARYAN FEDERATION INSIGNIAS



ARYAN FEDERATION NATIONAL INSIGNIA is an ancient symbol of Aryan white race unity. This aryan racial "indentifying standard" can be traced to well before 1500 B.C., at which time all our white race ancestors spoke the original Aryan language and were identified racially as ARYANS. Through the centuries our race has adopted various languages and racial titles, some to include - caucasions, a term used for the white race people who migrated and settled in the Caucasus Mountain region of Europe. Anglo-Saxon was also adopted and referred to the English speaking white race. Our ancestors were also known as Teutons or Teutonic at one time. However, the "original and correct" racial indentification of our people was and presently is ARYAN. THIS NATIONAL AND RACIAL IDENTIFYING INSIGNIA IS DISPLAYED PROUDLY BY ALL RACIAL ARYANS OF OUR NEW SOCIETY AND NORTH AMERICAN CONTINENT OF ARYANIS.



ARYAN FEDERATION NUCLEUS INSIGNIA is worn by all members of the NUCLEUS, which is the decision and policy making body of the ARYAN FEDERATION. Recipeints of this insignia are restricted to only those who are accepted through general vote within the established nucleus membership, and is presented on an individual and selected basis. ARYAN FEDERATION NUCLEUS membership is comprised of quality rather than quantity. THIS INSIGNIA IS DISPLAYED PROUDLY BY ALL THOSE WHO HAVE DEDICATED THEMSELVES TO THE RECONSTRUCTION NUCLEUS OF OUR ARYAN PEOPLE, NEW SOCIETY, AND NORTH AMERICAN CONTINENT OF ARYANIS.

ARYAN FEDERATION INSIGNIA COLORS are red and black. In ancient times the Aryan knights, before receiving knighthood, took their vows wearing a tunic and red and black cloaks. They were required to keep vigil over their armor and weapons the entire night before the final honor of knighthood was bestowed. They received this knighthood by a touch on the shoulder with a sword in the hands of their superior. __ Many other customs of our Aryan ancestors included ceremonies and celebrations such as weddings, new Aryan births, etc. using settings with RED and BLACK candles and decorations. __ Our peoples ARYAN FEDERATION insignias with accompanying colors of red and black CAN BE DISPLAYED PROUDLY FROM EVERY FLAGPOLE, HOUSE, BUILDING, UNIFORM, AND PERSONAL INDIVIDUAL LAPEL PINS THROUGHOUT OUR NEW LAND OF ARYANIS.

ARYAN FEDERATION INDIVIDUAL RANK AND CHAIN OF COMMAND consists of 8 ranks #1 thru #8, all are officer positions. There are no non-commissioned or enlisted personnel positions, and this chain of command does not relate to or is designed to duplicate any existing military standards. Individuals accepting these positions must do so in respect of his or her duty, dedication and Aryan racial responsibilities. And not for the purpose of authority, personal gain, or egotistical intent. This rank and chain of command is a "graduated scale of degrees" of Aryan dedication, racial awarness, and ability. It is not designed to be specifically associated with a military rank. An explanation may contain the following __ Who should wear the highest rank or receive all the medals; the military general and his army who protects the people, or his Aryan Comrades who grows the vegetables to feed the general and his army; or the Aryan Comrades who machines the generals' weapons of war and the farmers plow shears; or should it be the Aryan mothers who gave birth to all three? One cannot exist without the other! This is called COMRADESHIP, and there can be no favoritism or preference when COMRADESHIP is properly defined or applied. This Aryan rank and chain of command, along with national insignia, contains a partially "color coded" background to identify the many BRANCHES OF ARYAN SERVICE such as green for agriculture, grey for manufacturing, blue for maritime, red for political and military (as they appear here), white for Aryan family and citizen social services, etc. Achievement awards (listed elsewhere) includes citizenship, family structure, science, inventive, construction, medicine, and many others. ARYAN FEDERATION RANK AND CHAIN OF COMMAND INSIGNIAS ARE DISPLAYED PROUDLY BY ALL ARYANS OF THE NUCLEUS LEADERSHIP LEVEL.
