Wish List - books and periodicals for our library and for the new Long Branch Environmental Education Center now risen from the ashes of the disastrous fire of a few years back. Also ASPI could use wild flower seeds, heirloom varieties of trees for the Mount Vernon center and mural painters to decorate our cistern this autumn.

Take Note. Our Research with Public Citizen information shows that the Kentucky delegation to the U.S. House of Representatives has the worst cumulative environmental voting record on 11 bills of this Congress of any state in the Eastern half of our country.
