20TH CENTURY REFORMATION HOUR
Collingswood, N. J.

February 1, 1967

My dear Friend:

The showdown is coming. I am reproducing two pages from the Communist publication in Canada, Northern Neighbors, January, 1967. Don't let anybody think or tell you that Communism is changing or that they do not intend to take over the world. Here again they tell us. They even boast as if they have already won the victory in Vietnam. In announcing their 50th anniversary of Soviet power (notice, it is Soviet power) they say, "All through this half-century, from the extermination of Hitler to the struggle in Viet Nam, the people knew they would be victorious." Yes, they announce, "We shall build a New World!" It means the end of our free world. And this is the emphasis of 1967, their 50th anniversary.

In the reproduction of "Today in 'Godless Russia'" there is the whole Communist philosophy—economic determination; but notice, they capitalize on "God is dead." They say the "butchery" in Vietnam is "much worse than Hitler's."

Beloved, our little broadcast is as a voice crying in the wilderness, but it is getting through to millions and God is using it as never, never before. Yes, our theme text, "One man of you shall chase a thousand...," comes home, and I want you to be with me just that "one." Two shall chase ten thousand.

I am giving you this documentation—now use it. Keep this in your possession and when you hear the liberal clergy and politicians talk as they are doing, and there is so much of it, just offer this. President Johnson tells us, October 7th, that we must increase our trade with the Soviet world. He tells the Congress the same thing in his State of the Union Message. Now Northern Neighbors, a Communist publication, declares, "Great sacrifices are being made now, all over the USSR, as the people slow up their own progress to pour aid into a far-off Asian country." Their sacrifices plus our trade and support enable the Communists to kill our American boys in Vietnam.

Our answer to this is to fight harder to obtain 1000 radio stations and to seek to reach the people as rapidly as we possibly can.

1. February is our Station Check-up Month. Please write me and tell me the station to which you are listening. We need to have this to check out every station.

2. February is our Anniversary Month. The Christian Beacon, which sponsors the broadcast, is 31 years of age. Are you receiving this paper in your home? It is $2 a year, but right now during the month of February it is 3 for $5 and 7 for $10. You can help in the fight by putting this paper in the hands of others.

3. February is Letter Month. We ask our listeners, new listeners, those who have never written before, to write us, please, with a word of greeting, testimony, and thanks to God. Write me a letter. It will do your soul good and it will bless me and all of us together.

4. February is the month for the pledges. Some pay up their pledges for the whole year in February. I must have every station underwritten, and I am asking you, if you possibly can, to increase your pledge and then be faithful in sending it in each month to us. We depend solely, entirely, upon your gifts—we have no other way but just the gifts of those of us who realize that we must give, we have to give, it is God's way of carrying on this great work for the glory of His name.

Our prayer and our desire is that we may multiply the broadcast until we have attained our goal. Yes, we will take on any station that will take us on, provided we can get the support. Every station will reach many, many people. One thousand dollars, as you know, will get us started on a station. There are some now who are writing saying
