The Amazing Green Leaf Brand

Dieters' Special Tea

From the Wah Yet Group, Inc.

What Our Customer's Are Saying About Dieters' Special Tea:

"Your tea is absolutely incredible. I take one cup of tea at bedtime. The results have been amazing. I eat what I want without gaining weight, have achieved sustained, 100% regularity, eliminated chronic bloating and gas, and my hemorrhoids have subsided....Amazing!"--PM

"Though I have achieved regularity for the first time in my life, I hesitate to call your Dieters' tea a laxative. After over six months of use, I have had no 'tolerance' increase. One tea bag at bedtime continues to have the same results!"--KP

"Why do you call your tea a dieters' tea? The big change I see in myself is a tremendous increase in energy due to perfect bowel regularity. No more 'loggy' or 'can't get going' feeling. Using this tea has convinced me of the 'toxemia' theory of natural health. I really feel your tea has cleansed my body of toxins and enabled it to function at an near optimum level! Weight loss is a minor benefit in my case!"--JD

"What a mental relief! No more anxiety about my bowels! I can eat what I want with no concern about how it is going to effect my regularity. My bloating and gas is a thing of the past. When will this tea hit the national news?"--BT

"A whole raft of annoyances disappeared since I started taking your tea once a day. And best of all, unlike laxatives, including natural ones like bulk and senna, there has been no diminution of effect with prolonged use!"--JD

What the Wah Yet Group Says About Their 100% Natural Herb Tea:

"Ingredients: Malva Verticellata, a natural herb, contains no caffeine, it is soothing and relaxing. Due to the unique cleansing effect the tea has on the body you may experience extra bowel movement and, occasionally a small cramp when first start using the tea. This is a natural reaction of the body to the cleansing effect of the tea and will stop once your system is cleaned."
