PO Box 144
Mattapan, MASS. 02126

Dearest John,

I'm sorry about the miscommunication of your first letter. Apparently, the person who received it took it to be a second letter from another person in Mass. who she'd already sent materials to.

Enclosed you will find some information about the subject you are concerned with, but there is a more local contact for you that may have better, more varied literature on the subject.

The organization I'm referring to is The American Friends Service Committee. They have an office in Boston that is very rich in resources.

Thank you for your persistence, your interests, and your concerns. Have an excellent, hopeful spring.

In Peace,
David M. Oldgenrod

P.S. Please note our change of address for future correspondences.
