## REJOICE!

*"My times are in thy hand: deliver me from the hand of mine enemies."*
*PSALM 31:15*

Mystery Babylon, City of Confusion...What is it?

Babylon which played so important a part in the history of The Covenant People; is a City of broad walls and high gates...ALL its gates are of solid brass. (Signifying judgment).

BABEL meaning: 'Confusion' its proto-type is a tower of piled up burnt brick, signifying human effort with political slime for mortar!

Only HE who spoke LIGHT into existence can divide the light from darkness that our eyes might see. Genesis 1:3-4. It consists of an evil Trinity---Politics, Economics, Ecclesiasticism. Power, Money, Religion!

Where does the U.S.S.R. fit in?

Russia, land of many languages and peoples. Athiestic, Idolatrous. Now, a great crisis-event is taking place before our eyes! All is of earthquake proportions. Just over 70 years ago the Bolshevik Revolution took place. Lasting now---my lifetime. Its past is a horror-scope of death, destruction, ruin. Its politics shot through with Beaurocracy, Its economy ruined and Christianity banished! 70, a number of profound Scriptural significance---Implying Judgment.

Listen! The Day of Judgment is remote; THY Day of Judgment is at hand! Judgment is continual CRISIS!

The LORD has a golden Sceptre and and Iron Rod. Those who will not bow to the ONE shall be broken by the other, See Psalm Chapter 2. Now the terrible blow has fallen. What next?

Will the next 'thing' on the schedule be the Pope of Rome visiting for the first time? Kissing the earth of "MOTHER RUSSIA" and claiming it in the name of God for the Church?

Only our GOD knows...

Today this mighty monolithic structure...A gigantic GOG, Agag. A creation of Crypto-Communists, out of plumb with the LAW of GOD now balances precariously. The whole damned superstructure is ready to crash and crumble into dust!
