WHAT IS THE A-APRP?

The All-African People's Revolutionary Party is one of the revolutionary political organizations within the African world. It has its base and headquarters in Africa, the just homeland of African people who are scattered and suffering all over the world. The A-APRP is international in scope with chapters in Africa, Europe, Canada, the U.S., the Caribbean, Central and South America.

The ideology of the A-APRP is Nkrumhism. Its objective is Pan-Africanism, the total liberation and unification of Africa under scientific socialism. "This objective must be the primary objective of all African revolutionaries throughout the world. It is an objective which when achieved will bring about the fulfillment of the aspirations of Africans everywhere. It will at the same time advance the triumph of the international socialist revolution and the onward progress towards world communism."

The A-APRP regards all Africans as part of one African nation, with one history, one culture and one destiny; in every sense of the words.
