KKK Movement Here Termed One of Strongest in Texas

Sunday, March 17, 1957

BY DON WILLIAMS.

Fort Worth has one of the Ku Klux Klan's strongest Texas organizations, says a Waco man who claims to be the Klan's top Texas official.

Horace Sherman Miller says he directs Klan activities from his residence in an old section of northeast Waco.

He carries a card designated Imperial Passport No. 8 and proclaiming him "a citizen of the Invisible Empire, Knights of the Ku Klux Klan." The card is signed by E. L. Edwards, who Miller identified as imperial wizard of the Klan with offices in Atlanta.

Miller writes newsletters and handbills under his name and that of "The Aryan Knights, Ku Klux Klan."

The publications have been thrown on lawns and delivered by mail in this area, and have had more or less influence in a citizens' movement in White Settlement.

Miller said he "had something to do with" preparation of petitions for the removal of Clifford A. Johnson from his office as White Settlement public works director.

The petitions were circulated in early December. They demanded that Johnson be fired because:

"We are convinced that he has a subversive plan to bring Negroes to our all-white city.

Miller and several members of the White Settlement movement said the petitions were never presented to the City Council. The reason, they said, was that residents began receiving anonymous phone calls warning that they would lose their jobs at Convair if they signed.

Johnson denied the allegation in the petition and scoffed at the reports of the phone calls.

One of the charges made by members of the White Settlement group is that Johnson agreed by phone to rent an apartment in the city's housing project to a Negro.

(In an interview with a Star-Telegram reporter, Miller said that the "Negro" was "one of our white investigators." He declined to identify the man.)

Johnson's response to the charge was:

"To my knowledge, I've never had a conversation with a colored person regarding any type of housing in White Settlement, and we have never had an application from a colored person."

Among members of the citizens' group in White Settlement are J. K. Hendricks, L. L. Ballard and E. B. Hill, former mayor who is a candidate for the office again.

All three denied being members of the Aryan Knights group.

"I've never taken the oath of any secret organization," Ballard

said. "My church (the White Settlement Church of Christ) forbids me to do so, and my church means more to me than anything else.

"What I have done here has been in the interests of the school children and the citizens of White Settlement."

Hendricks conceded that he had accepted "voluntary" support of the Aryan Knights.

Texarkana 'Strong' Too.

In the interview at his Waco residence, Miller would not say how many members the Aryan Knights claimed in White Settlement or other areas.

He named Texarkana and Fort Worth as "among the strong points of the organization in Texas."

He pulled from his files a purported Klan publication which includes the statement:

"Our men are each honor-bound to absolute secrecy regarding anything pertaining to Aryan primacy, nor shall any member ever disclose the name of any other member."

Here are statements of Miller's views, as taken from the interview and some of his publications:

"Violence is not the answer we're seeking.

"We're not negative, we're postive. We're for a better way of life, a better Texas.

'Evict the U. N.'

"Aryans have been the builders of the great civilizations."

"We've asked the city (of Waco) for permission to parade and burn crosses but have been denied. The city has not given us any of the privileges that are granted to the Knights of Columbus, the Anti-Defamation League of B'nai B'rith, the Masons or the NAACP."

"Kill the United Nations Charter. Evict the United Nations from the 48 state governments and the District of Columbia."

"Please remember that every Roman or Jewish controlled newspaper is fighting the Ku Klux Klan religion."

"We know there has been a conspiracy of silence regarding the Jewishness of communism.

Miller is 56, a native of Walnut Springs. He has lived in Waco since 1949.

Teen-Agers' Group.

He is a semi-invalid and said he was "on furlough" from a job as railroad yardmaster and receiving insurance payments.

He said he accepts dues from Klan members but has used "not one penny" of the money "for salary or anything except this crusade."

Miller said the Aryan Knights have a junior group for boys 14 to 18, and a women's auxiliary.

The stooges

Sir,—Word comes to me from some of your subscribers who send me clippings from your fine paper.

As best as I can make out the Ku Klux Klan in England are just about the same kind of people who join that movement in America.

Those fellows in England go out and riot—maybe get killed or at least get their heads peeled and get thrown in jail.

They probably have to pay fines and may have to endure the dislike of some who live in their own neighbourhood.

And, all the time, Horace Sherman Miller, their leader, is in the safety of his own home in the fashionable part of Waco, Texas—not a scratch on him and no money out of his pocket.

I wonder about his followers—do they ever use their heads for anything besides hat racks?

MAN, MONSTER, or MYTH?

You have been accepted into one of the most important KREEDS which has ever been established on Planet Earth. Our KREED shall not compromise principle or quality. We must relieve the ARYAN (formerly called WHITE) RACE from the enslaving condition to which it has lately been reduced in the 48 Republics and District of Columbia.

Our first and fundamental object is the MAINTENANCE OF THE SUPREMACY OF THE ARYAN RACE on Planet Earth. The history and experience of ages teach and demonstrate that, from the origin of humanity, this dominion has always remained in the blood-and-breath of the ARYAN RACE; a fact which triumphantly confirms this purity law of Nature.

Now, remember what Kolonel Travis said: "Each must decide for himself. Let him who is willing to die for TEXAS INDEPENDENCE, cross over the line!" Every man crossed, and every man died, but TEXAS WAS FREE! On the monument erected to their valor in the Capitol park at Austin, is the sentence: "Thermopylae had her messenger of defeat; the ALAMO HAD NONE!" The heroism of Travis and his MASKED TERRORS was repaid when General Sam Houston swept Santa Ana and his non-moral army to destruction at the battle of San Jacinto.

We dare not risk the peace at any price doctrine. We must have a giant DRIVE FOR RACIAL PRIVACY.
