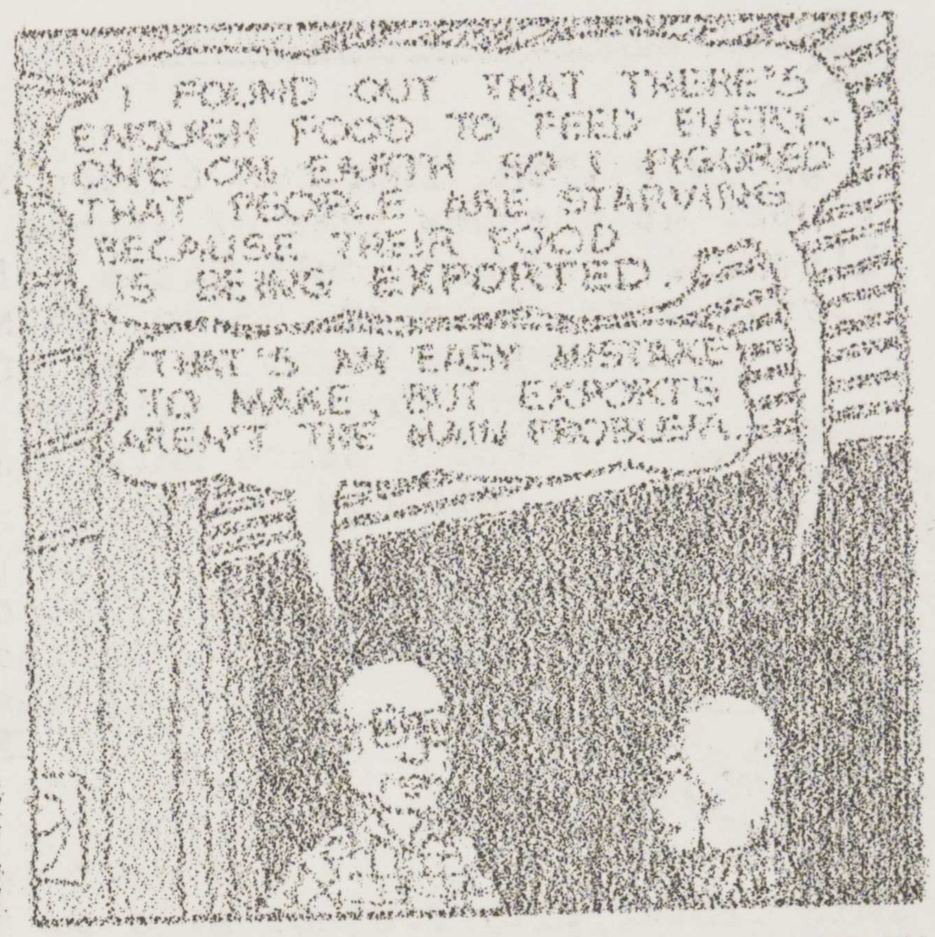
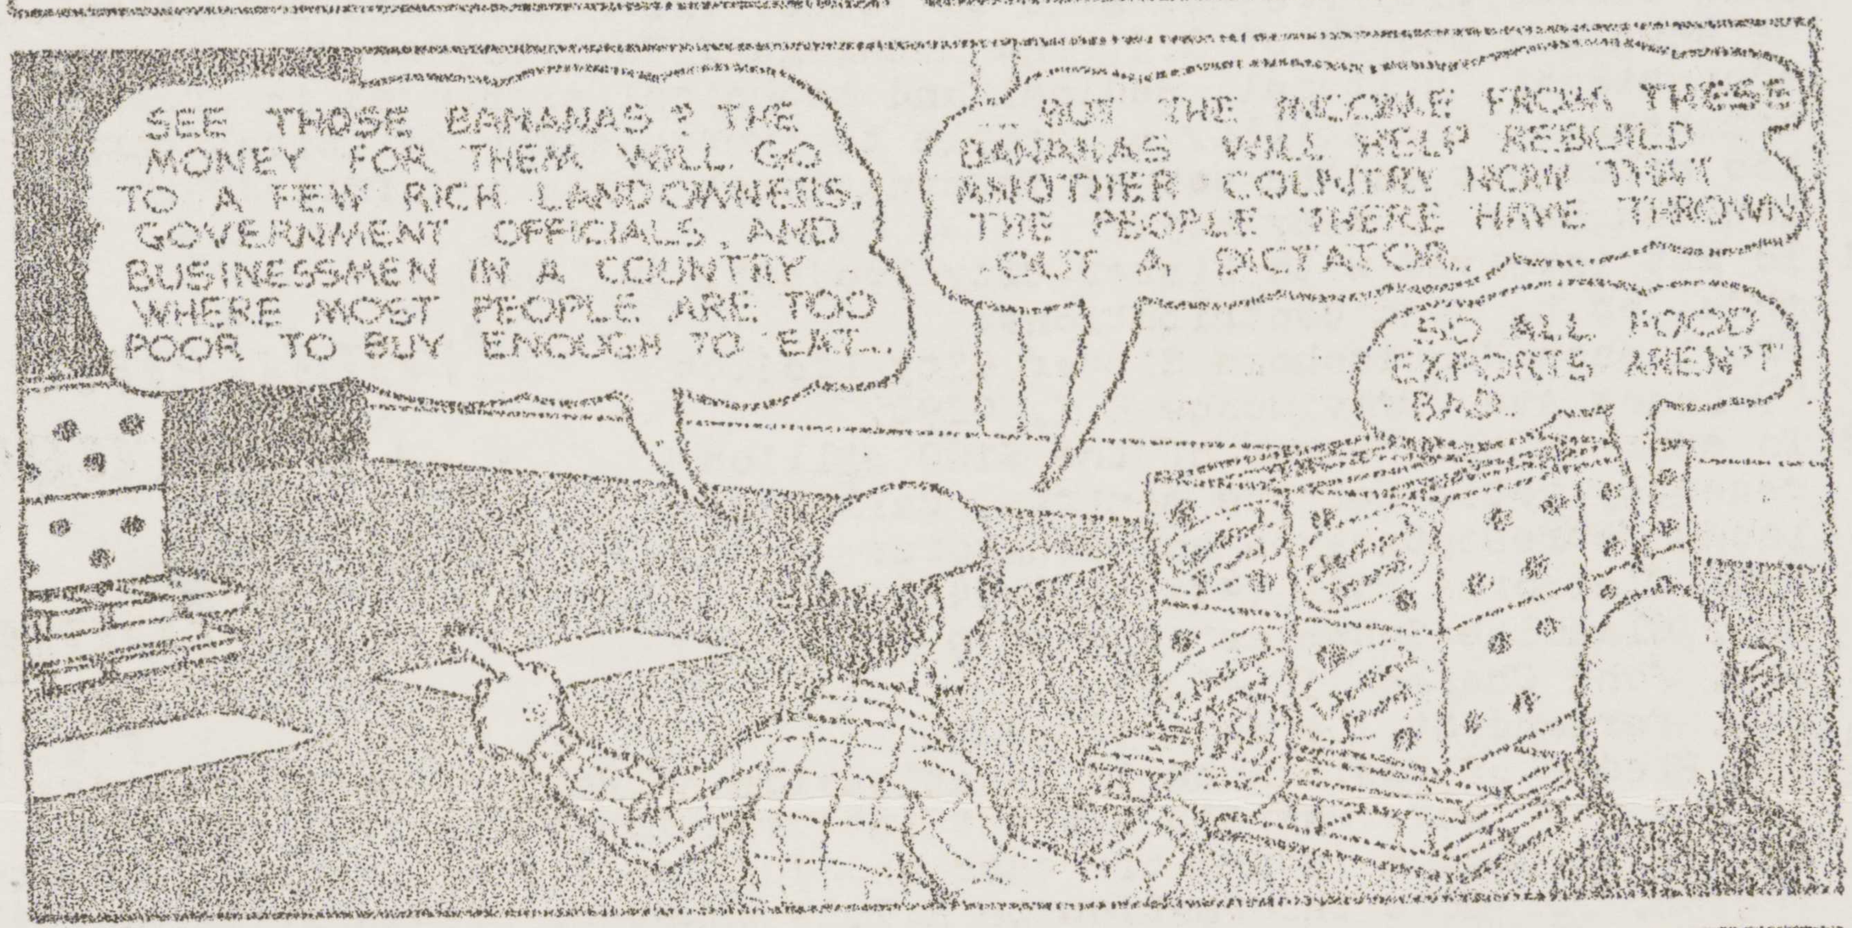
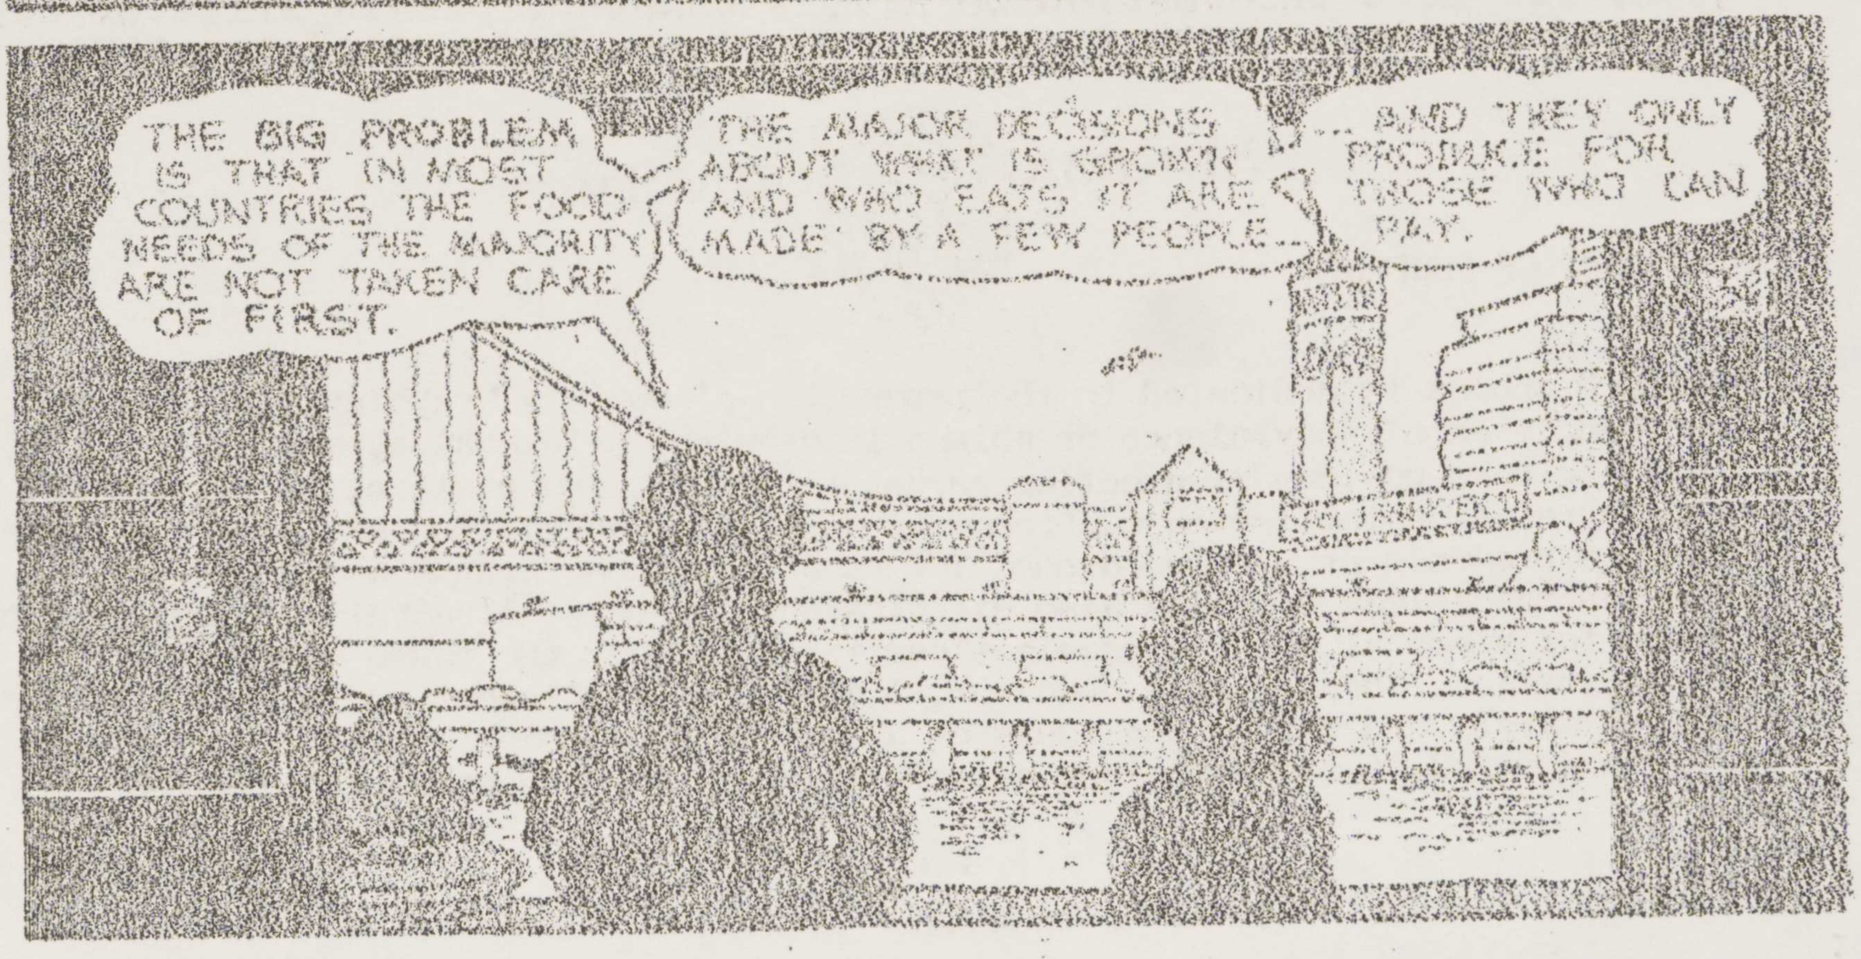
BUT SOME OF THIS FOOD COMES FROM HUNGRY COUNTRIES, RIGHT?
THERE ARE NO "HUNGRY COUNTRIES," EVEN IN COUNTRIES WHERE MOST PEOPLE ARE HUNGRY, THE PEOPLE WITH MONEY CAN EAT WHATEVER THEY WANT.



I FOUND OUT THAT THERE'S ENOUGH FOOD TO FEED EVERY-ONE ON EARTH SO I FIGURED THAT PEOPLE ARE STARVING BECAUSE THEIR FOOD IS BEING EXPORTED.
THAT'S AN EASY MISTAKE TO MAKE, BUT EXPORTS AREN'T THE MAIN PROBLEM.



SEE THOSE BANANAS? THE MONEY FOR THEM WILL GO TO A FEW RICH LANDOWNERS, GOVERNMENT OFFICIALS, AND BUSINESSMEN IN A COUNTRY WHERE MOST PEOPLE ARE TOO POOR TO BUY ENOUGH TO EAT...
...BUT THE INCOME FROM THESE BANANAS WILL HELP REBUILD ANOTHER COUNTRY NOW THAT THE PEOPLE THERE HAVE THROWN OUT A DICTATOR.
SO ALL FOOD EXPORTS AREN'T BAD.



THE BIG PROBLEM IS THAT IN MOST COUNTRIES THE FOOD NEEDS OF THE MAJORITY ARE NOT TAKEN CARE OF FIRST.
THE MAJOR DECISIONS ABOUT WHAT IS GROWN AND WHO EATS IT ARE MADE BY A FEW PEOPLE...
...AND THEY ONLY PRODUCE FOR THOSE WHO CAN PAY.
