"Brief, Hardhitting, and Politically Potent"

The Facts Will Amaze You...

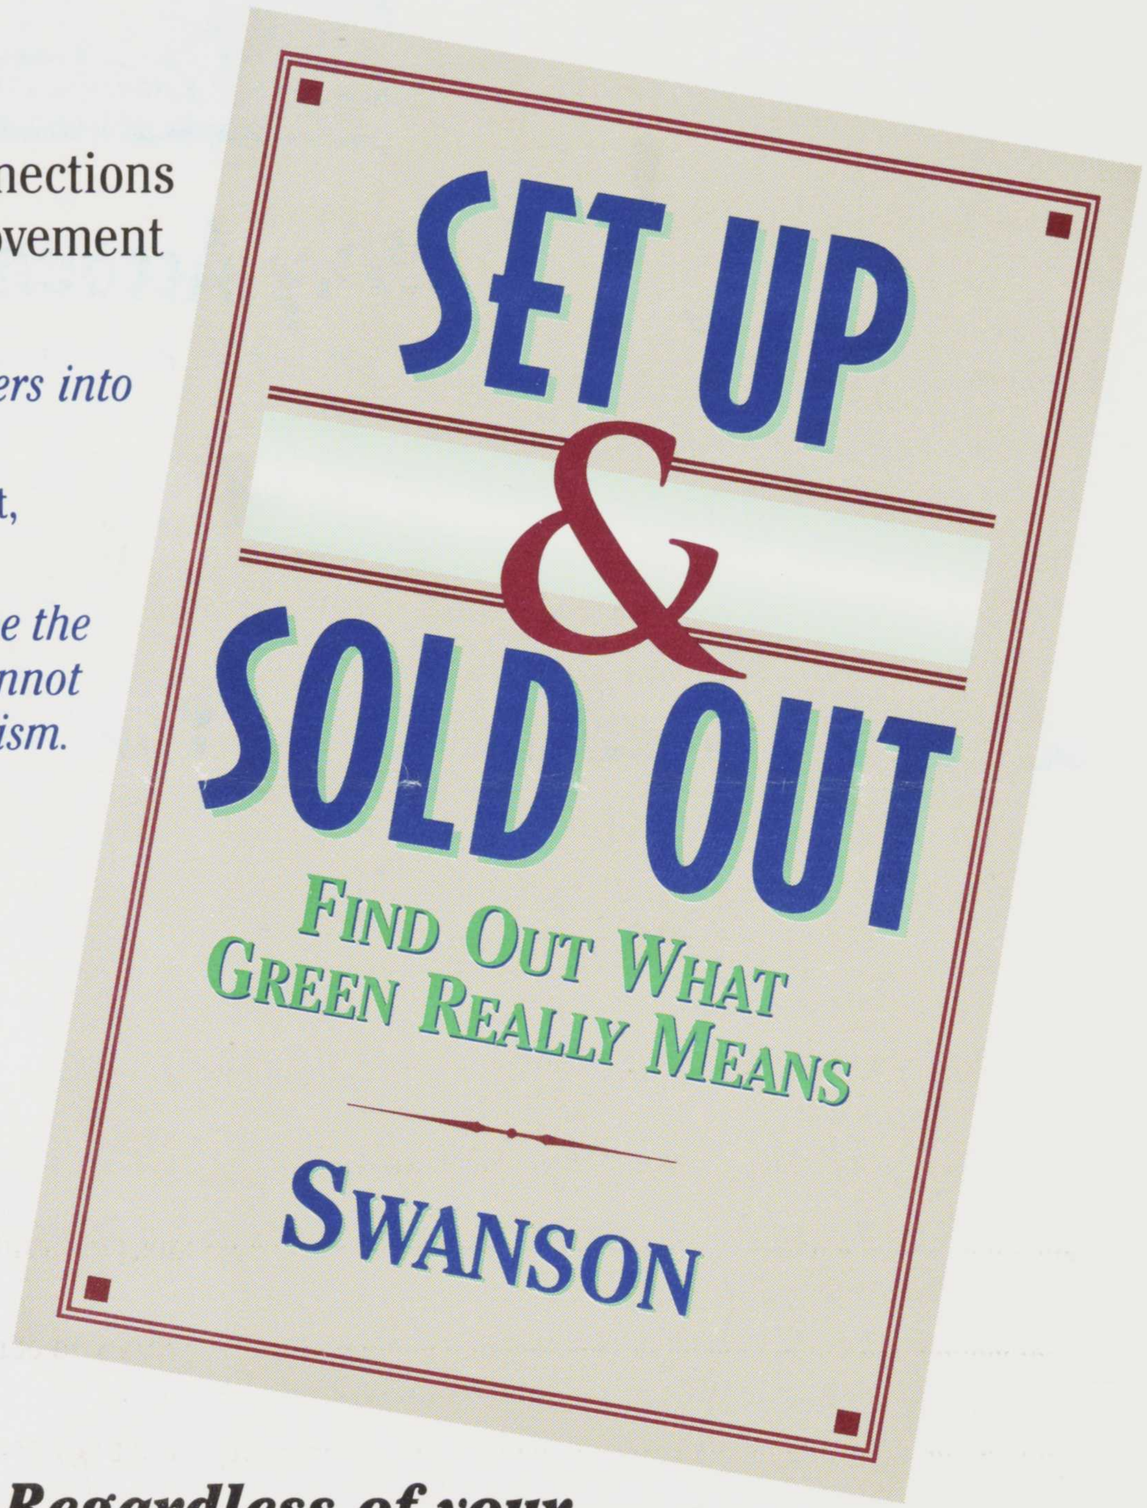
This book reveals a staggering number of shocking connections between the Green movement and the Communist movement in the United States.

"The environmental movement promises to bring greater numbers into our orbit than the peace movement ever did."

— **Carl Bloice**, Leading US Communist,
MIA, March, 1995

"This is true in the struggle to save the environment....we must be the organizers, the leaders of these movements...Human society cannot basically stop the destruction of the environment under capitalism. Socialism is the only structure that makes it possible."

— **Gus Hall**, CPUSA –Ecology 1972
Gus Hall, is now the National Chairman of the US Communist Party



Learn why...

Mikhail Gorbachev is involved in the Green movement and why he has the support of U.S. environmental groups. Look into the secret side of environmental politics; who is involved and at what level.

A valuable & unparalleled resource...

This thought provoking work raises disturbing and valid questions about the true agenda of the Greens. It will leave you feeling intrigued, violated, enlightened and hungry for more.

Author's Note...

"If we are too afraid to discuss the 'C' word, the Communists have successfully made it politically correct to submit to their program. This is not about environmental protection. We all support that. This is about making distinctions and choosing our future."

Regardless of your politics, your occupation or your income; you need to know how this will affect you and what you can do about it.
