With all the expense of Payson difficulties the government is having this year I doubt seriously that we will see the Unimak in Belém again this year. But in the future I certainly hope the Coast Guard and your successors remember us.

In the event I get to Washington sometime this coming year I'll certainly look you up. But this is getting a bit remote, since instead of a Washington assignment this fall as I had expected they have asked me to stay on here for another year to bring the Consulate through a reorganization program, and as long as they pay me their wish is my command.

In closing let me wish you all of the very best in the new assignment.

Sincerely yours,

DEPARTMENT OF TRANSPORTATION

Dear Herb: a feeling that this may arrive leaving a bit of a gap. I wrote letters to you, Cy and Dick, and one to LCDR Carlos Froes along with a ma Received your letter today and thought I'd best answer it by return pouch. Your previous letters all arrived and were duly delivered, and ex Apparently we all thought the other was going to write and so consequently it appears no one wrote to you. Your magazine to Froes was returned over to Naval headquarters here for forwarding, since Froes that th was reassigned to the south some time ago. st have gone astray.

You nor the Mayor of Cape May did not hear from our mayor about the and invitation because our mayor has decided not to make the trip. Officially Ge it is because of the city's financial problems, but personally I think ca he is just a bit leery of traveling through the U.S. by himself. It's a ab a shame, but he has made the decision and won't be going. You might inform the Mayor of Cape May about the matter so he won't be expecting Stelio this year. write again to Carlos. Nothing, I fear, can be done about the letter to the Mayor until we are positive that that did not arrive; it will pr I've the three plates for the plaques - they arrived in good order and will see that they get delivered promptly with your best wishes.

I am sending, separately, 3 plates for plaques left there - one for the Co Am very sorry to hear we won't be having you and your family here for a ci visit, but as you mention; we'll certainly be meeting again somewhere, sometime. That's one of the very nice compensations of a job like this - you always seem to run into good friends again. By the way, congratulations of on your assignment to the Navy War College. I'm sure that points the hoped to way to greater things in the future for you. ver, been selected to attend the Naval Warfare Course at the Navy War College, in Newport, R. I. My relief (C With all the B, lance, of Payment difficulties, the government is having this st year I doubt seriously that we will see the Unimak in Belem again this sci year. But in the future, I certainly hope the Coast Guard and your successors so remember us.

18 April 1968

Louis P. Goelz, Esq.
American Consul
Consulate of the United States
Belem de Para, Brazil

Dear Lou:

I have a feeling that this may arrive leaving a bit of a gap. I wrote letters to you, Cy and Dick, and one to LCDR Carlos Froes along with a magazine, and, of more importance, forwarded through you a letter from the mayor of Cape May to the mayor of Belem, thanking him for the medal, and extending an official invitation to visit Cape May as a guest of the City during his tour of the United States. All of this was sent, via APO New York, in January. As neither the Mayor nor I have received any indication that these were received, I guess the envelope must have gone astray.

I can only salvage part of it by sending copies of the letters to you and Cy, and to state that in my letter to Dick I thanked him for sending General Nogueira's letter and advising him that it was Joe Tyson who took care of the alligator skin. Joe is now in School in Monterey, California, about 1/3 finished his course.

I will write again to Carlos. Nothing, I fear, can be done about the letter to the Mayor until we are positive that that did not arrive; it will probably be too late, but I will at least see that his gesture is not ignored.

I am sending, separately, 3 plates for plaques left there - one for the Consulate, one for Mayor Maroje and one for Brigadier Cabral. I would appreciate very much you having the latter two delivered for me.

I have had a change of plans. I had seriously intended to accept your offer, and fly to Brazil with my wife if I had to leave UNIMAK, but had hoped to remain here for a third year. I have, however, been selected to attend the Naval Warfare Course at the Navy War College, in Newport, R. I. My relief (CDR HENRY A. CRETILLA, a classmate of mine), will report in July, and school starts in August - so, I won't be able to return either way - no leave in school. I do hope, though, that sometime I will meet all of you again, somewhere.

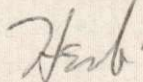

I cannot schedule UNIMAK's return to Belem until our fuel money is resolved; if I can't do so before I leave, I'll heartily recommend to Hank that he do so - in fact, I already have.

... UNIMAK is going to be hard. It has been a wonderful tour.
... been to fascinating places and met marvelous people - both Americans
... of other countries. Every place we've visited has been good,
... still heads the list - and will, for my remaining trips will be
... re-visits.

I won't say 'good bye' yet, for I hope to hear from you, and to reply
again before I leave UNIMAK. I won't say much after that for a year, for
I shall try for the additional 21 credits through George Washington U. while
at the War College, which will earn a M.S. in International Relations. This
means just about a double load, but the C.G. sends only one officer to the
course a year, and I have a tradition to uphold.

Hope to hear from you soon.

Sincerely,

HERBERT M. HARTLOVE
Commander, U. S. Coast Guard
Commanding Officer

27 December 1967

Mr. W. W. W. W. W.
Belem, Para, Brazil

Dear G.,

I want to thank you, sincerely, for many things. First, your assistance and friendship, next the effort entailed in all you did, and the newspapers you provided and forwarded and, especially, for the fine things you said about our visit in your report.

Enclosed for your information are copies of two letters I received (without enclosure, which was your report). As a Navy man, you well know that the official letter of the two can do no harm.

I also received another of similar nature, forwarding a letter by Under Secretary of State Oliver to the Commandant of the Coast Guard - I sent Lou a copy of this.

I do hope that UNIMAR will visit and revisit Belem. I, too, am being asked when the next trip will be.

My thanks to Mr. Baetas for obtaining and forwarding the photograph I had requested.

I hope you and Barbara have enjoyed your
vacation in the States, and that you both have
a very Merry Christmas, and the happiest of
New Years.

Sincerely,

Enclosures

Louis P. Goelz, III, Esquire
United States Consular Officer, U. S. Coast Guard Training
Consulate of the United States of America
Belem, Para, Brazil

Dear Lou:

When we got home last time I had a few extremely pleasant letters awaiting me. Enclosed for your information is a copy of one by Mr. Covey T. Oliver, of State, to the Commandant of the Coast Guard, with the letter forwarding it to, not a person 'to whose command I belong', but who writes my fitness reports.

I am very appreciative of your action, which resulted in this.

I shall try to ensure that UNIMAK returns to Belem, as suggested by you and by Mr. Oliver, and also by Cy in his report, a copy of which has also reached me, forwarded through Coast Guard Headquarters. I am sending Cy a copy of the letter that accompanied that one.

Unfortunately, the presentation of the medal to the mayor did not get in the papers. First pushed out by local elections, then lost out while away being framed (the medal and the certificate). I am very sorry about this, but it was something I could not control.

Enclosed is a letter to Mayor Maroja from Mayor Gauvry, thanking him for the medal and inviting him to visit Cape May as a guest of the City when he visits the States. I believe you indicated that you would provide a translation of such a letter and transmit both to the mayor. Mayor Gauvry has asked me to express his appreciation to you for this service.

Enclosed also is a copy of the only press item concerning our visit to Belem. The papers here are not nearly as cooperative as those there - nor do we have a Public Affairs Officer such as Cy. Were a Brazilian Navy vessel to visit Cape May, though, we would do better.

FIRST EMBROIDERMENT

With my warmest personal regards, and appreciation for your kindness,
From: Commanding Officer, CG Training Center, Cape May, N. J.
To: Commanding Officer, USCGC UNIMAK (WHEC 379)

Sincerely,

1. Forwarded with pleasure.

ASSISTANT SECRETARY OF STATE

WASHINGTON
CONSUL SERVICES
DIVISION

NOV 22 1967
November 22, 1967

Admiral Willard J. Smith
Commandant
United States Coast Guard
Washington, D.C.

Dear Admiral Smith:

On behalf of the Department of State and the U.S. Foreign Service, I would like to congratulate you on the success of the United States Coast Guard Cutter Unimak's recent visit to Belem, Brazil. A report from our Consul in Belem indicates that this visit in late October, the first of a Coast Guard vessel ever to call at Belem, was extremely well received by the local Brazilian authorities and by the entire populace of the city. Our Consul also states that the behavior of the Unimak's officers and crew during the visit was exemplary, and that they made an outstanding contribution to the bettering of Brazilian-American relations.

I would accordingly like to recommend to you that the Commanding Officer of the Unimak, Commander Herbert M. Hartlove, and all the other ship's officers and the crew be officially commended. I can assure you that the Department of State would be pleased to assist and facilitate similar visits in the future.

With warm regards,

Sincerely yours,

Covey T. Oliver
