Dear Sirs:

I have your letter of April 8, 1968 which I now refer to the Department of Commerce for reply. You can expect to hear shortly from the Department of Commerce field office in your area. (See attached list).

This referral procedure has been established by the Departments of State and Commerce in order to provide more efficient service to American international traders. Foreign Service Officers throughout the world regularly report on commercial and economic conditions and trade opportunities in their areas of assignment. These reports and data are readily available to American businessmen upon inquiry at any field office.

Whenever you need information related to international trade, I am sure you will find it to your advantage to make the Department of Commerce field office your first point of inquiry.

Very truly yours,

Louis P. Goelz
American Consul

Corporate Sales

I am most interested in learning what methods, opportunities are available in Brazil. Also information about their corporate opportunities, etc. in Brazil. I would also be interested in both export and import opportunities of this area. I will look forward eagerly to your reply and information you can send. Thank you for your cooperation and cordial regards.

Dear Sir:
