REF : Schools Assistance Program.

REF : (A) Dept's. CA-1883 and CM of September 9, 1966

JOINT STATE/AID

I For Consulate Action:

Receipt of the Consulate's transmittal slip and enclosures in reply to CA-1883 is acknowledged. The proposals for assistance from FY 67 funds are being reviewed, and the Department/AID hope to notify the posts early in the spring (if not sooner) of the Department's position on the schools' requests for assistance.

Please inform the American School of Recife that its request is under consideration.

The Consulate is also requested to ask the school to clarify the USG agency breakdown of enrollment in Form FS-573, page 3, item D.A.1. The actual addition of the three components totals 68, although the typed subtotal states "67". It is important in various statistical analyses which the Department must provide that enrollment figures be consistent. Please expedite the restated breakdown.

It is also noted that the School provided supplementary sheets, as attachments to Form FS-574, relative to each item for which funds were requested. However, there was no breakdown justification for \$21,300 for Special Educational Projects. The Consulate is requested to query the School to see if a justification was inadvertently omitted.

II For Embassy Action:

The Embassy is requested to expedite the reply to reference (C).
