Dear Jim:

In reference to the matter of Moacir Andrade and his checks.

I wired our Consular Agent in Manaus and had him check with Andrade to find out what had happened.

Just yesterday we received the following reply:

" Moacir Andrade informs he has received two checks in question but only received them yesterday. Whitlock"

So I guess Andrade is happy and all is well with the world. I'd suggest the next checks we sent through the air pouch system here to the Consulate and we in turn will send them to the Consular Agent in Manaus for transmittal to Andrade. This is definitely much more secure than using international mail.

With all best wishes from the Amazon.

Sincerely yours,

Louis P. Goelz
Principal Officer
