

Dear Attorney General Thornburgh,

Reverend Don Wildmon of the American Family Association has told me that you are committed to enforcing the laws against obscenity. Please accept this card of appreciation for doing this. Perhaps your action will mean that there will be fewer victims of the "Ted Bundy's" in our society.

Mr. Thornburgh, I have said a prayer for you before I mailed this card and I want you to know that I will continue to pray for you in the future.

Sincerely, _____
