

ANIMAL LEGAL DEFENSE FUND

*We may be the only lawyers on Earth
whose clients are all innocent.*

For ten years, ALDF's nationwide network of over 250 attorneys has defended animals from abuse and exploitation. Our direct legal action has won precedent setting victories for animals on every front — on farms, in the wild, and in research laboratories. By joining ALDF today, you'll become one of 50,000 Americans who are working to guarantee justice for animals.

"ALDF attorneys are the legal brain trust of the animal rights movement. Their dedication and tenacity have made a real impact on animal law, and have forced the government to take animal issues seriously."

— *Peter G. Linck*
