Agree your assessment regarding seriousness reaction abroad in event Kubitschek's rights suspended. Justification on basis charges of corruption would almost inevitably raise question why action not extended to others, such as for example Adhemar de Barros. If you have not already done so, you may wish convey this aspect of problem to President through whatever channel you deem appropriate. If you consider such approach desirable you might also wish suggest alternative possibility of legal action in cases of corruption, malfeasance, etc. END.
