

STOPP

(STOP PLANNED PARENTHOOD)

INTERNATIONAL

P.O. BOX 8
LA GRANGEVILLE, NY 12540
914-473-3316

Dear Friend of STOPP,

If you could find a way to financially support STOPP with no cost to you, would you be interested? And, if at the same time you could save money on your own long distance phone calls, wouldn't that be even better? Well, we are happy to tell you that STOPP has found a way you can do both.

You are probably aware of the battle going on for long distance phone call service. If you watch TV at all, you have seen dozens of commercials for U.S. Sprint, AT&T and MCI. Each begs you to switch to their service and save money. What they don't tell you is that each of these services supports, in some way, organizations and ideologies which are opposed to your basic principles.

U.S. Sprint, for example, is the carrier for Working Assets, a long distance company that returns a percentage of its customer's long distance charges to Planned Parenthood, among others!

AT&T no longer funds Planned Parenthood, but it is aggressively promoting the acceptance of homosexuality as a legitimate alternate lifestyle.

MCI provides service to several "dial-a-porn" businesses and is a top sponsor of sex, violence and profanity on TV.

So, what are you to do? Is there a phone service you can use that supports only Christian ideals? The answer is YES!

The phone service is called LifeLine and it is run by a distinctively Christian long distance telephone company named AmeriVision. The good news is that LifeLine does not use any of the phone services of AT&T, MCI or Sprint. The great news is that LifeLine is willing to donate 10% of your long distance bill directly to STOPP!!

That's right, you can get low cost long distance telephone service and provide a financial gift to STOPP all at the same time and all with one company!

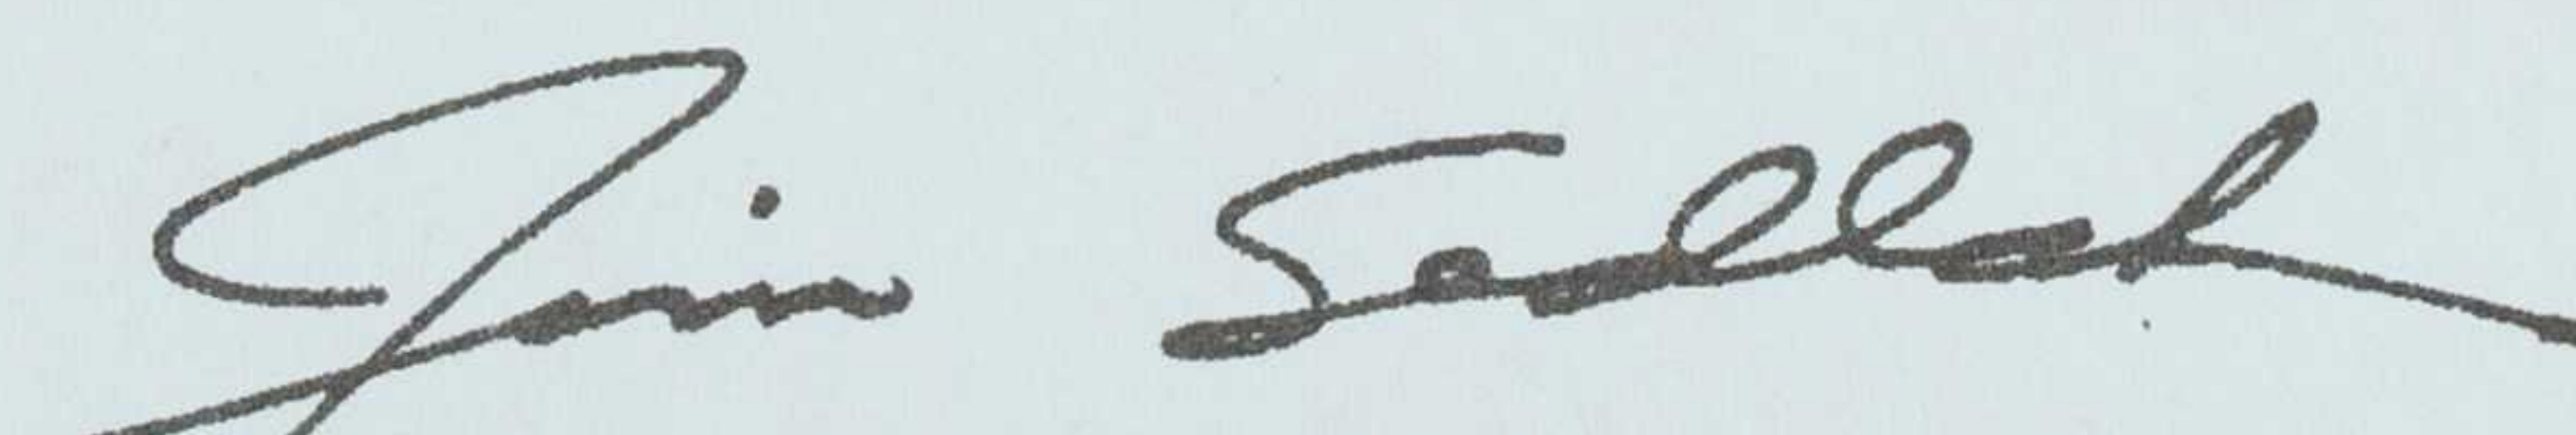

To switch to LifeLine, simply call 1-800-493-2002 and tell them you want to save money and support STOPP International. That's all there is to it. You will use your phone just as before and your bill will arrive in the same envelope with your normal phone bill.

And, your satisfaction is guaranteed. If you are not satisfied for any reason after 90 days, AmeriVision will switch you back to your original phone service at no cost to you.

So, please stop using phone companies that support the opposition. Call LifeLine today and know that you will be fighting Planned Parenthood with every long distance call you make.

Thank you for your support of our work.

With Prayers for Life,

Jim Sedlak
President
