

We at the ZOA have also just released a powerful new report — **Letting Killers Go: Arafat's Releases of Terrorists, 1994-1999**. It shows Arafat's consistent pattern of detaining terrorists for only a brief time, and then quickly releasing them.

Your copy of the report is enclosed.

This vital report is being distributed to every Member of Congress, Clinton administration officials, the media, and Jewish leaders.

They need to hear the truth about Arafat — and thanks to ZOA, they will.

By joining ZOA today, you can become a part of our important efforts on behalf of Israel and the Jewish people:

- *The ZOA leads the fight against U.S. pressure on Israel.*

We've directly confronted Clinton administration officials to protest their pressure on Israel. We've mobilized pro-Israel activists to deluge the White House with protests.

Op-ed pages, on radio talk shows, and in synagogues and community centers from coast to coast, we've spoken out against Clinton's pressure on Israel and his failure to criticize Yasir Arafat's constant violations of the Oslo accords.

- *The ZOA exposed the fact that John Roth, who was nominated as research director for the United States Holocaust Memorial Museum, had written articles comparing Israel to the Nazis. As a result of the ZOA's protests, Roth resigned.*
- *The ZOA leads the effort to bring Palestinian Arab killers of American Jews to the United States for prosecution here.*

Stephen Flatow, whose daughter Alisa was killed in a Palestinian Arab attack in 1995, "only one American Jewish organization, the Zionist Organization of America, has seen fit to take note of the situation and to ask the American government to act" on the issue of Arafat sheltering killers of Americans.

An thanks to the ZOA's efforts, the U.S. House of Representatives recently passed — by a vote of 406 to 0 — a resolution urging President Clinton to press Arafat to hand over the 20 killers of Americans who are walking free in Arafat's territory.

Our enemies, too, know how effective the ZOA is. The most prominent Arab-American lobbyist, **James Zogby**, recently complained that the ZOA has "risen like a phoenix" and has "forced newspapers to change maps, forced politicians to change their votes."

It's more important than ever that you help ensure that the ZOA's work continues.
