

I have enclosed the most recent issue of our newsletter, Rad Bull. This took the place of It's About Times, which folded operation in 1985. We send Rad Bull as an insert to the National Greens newsletter, Green Letter, to our membership. ^(We are, unfortunately, out of the current Green Letter.) We hope that you will consider subscribing, or joining A.A. (Subscription blank on the inside of the front page of Rad Bull), and staying in touch with the crucial issues we are keeping in contact with.

Again, thanks for your interest, and stay in touch!

Sincerely,
Dan Eichelberger
