

HERE COME THE ASSYRIANS!

It's in the Book! The Syro-Ephraimitic war of 734 B.C. is one of the great crises in Isaiah's ministry...Out of this came THE IMMANUEL PROPHECY. It begins in Chapter 7 and is finally completed Chapter 12 of Isaiah. The final deportations of Ten Tribed Israel to the North is dated 721 B.C.

In the Gospels according to the Evangelists Matthew and Luke, the Israelites are several times referred to as "lost." Matt.10:6 The mission of Jesus, as being especially to the "lost sheep of the house of Israel," was not to be superseded, but only farther carried out by that of the apostles.
