
Estimated U.S. Deaths in a Nuclear War*

 = 200,000 people

140,000,000

**estimate by U.S. National Security Council,
Presidential Review Memorandum #10,
June 1977.*

In past wars:

Civil War	
WW I	
WW II	
Korea	
Vietnam	

1,000,000

“PSR has become what
other groups consider
the ‘model’ professional
antinuclear organization.”

*Nuclear Times,
August/September 1983*
