

In addition, you will be kept apprised by correspondence as to progress, plans, events, and developments that your investment in Freedom has made possible along with the efforts of dedicated Patriots who donate their time and talents without salary or compensation to work with and organize our people for our soon-coming national crises. The Christian-Patriots Defense League Freedom Festivals and Citizens Emergency Defense System Conferences are also made possible partly by the contributions from Paul Revere Club members.

Together with these benefits, those who financially support this effort in a consistent manner will automatically be provided with free camping and/or trailer space at any gathering point or property owned by or available to the Christian Conservative Churches of America, Christian-Patriots Defense League, or Citizens Emergency Defense System during periods of emergency or crisis. This service could be of incalculable value.

Your membership may be withdrawn for any reason whatsoever from the Paul Revere Club at any time by merely returning your Certificate and Membership Card.

Contributions should be mailed to the Paul Revere Club, P.O. Box 565, Flora, Illinois 62839, with the receipt of same being acknowledged by return mail, along with a self-addressed stamped envelope for your next monthly contribution, which we would request be made by the tenth of each month, when possible.

Also, if the Paul Revere Club members desire to have their contributions tax-deductible, since the Club is sponsored by the Christian Conservative Churches of America they may make their checks payable to the Christian Conservative Churches of America with the understanding that the money go into the Paul Revere Club fund. In this way they have the benefit of full church tax deduction.

We need your assistance in this vital matter of the preservation of your lives and Freedoms, along with those of your families, friends, and Nation. If we permit our Country to be overtaken by the enemy and its foreign ideologies, we shall see Christians and Freedom-loving citizens annihilated in the same manner as we have seen in Hungary, Poland, Czechoslovakia, China, Korea, Viet Nam, Cambodia, Cuba, Nicaragua, Afghanistan, and many other countries.

The scope and extent of our patriotic activity is directly related to the funds available. The more that is given, the greater can be the activity of alerting and organizing Patriots for our total preservation. ACT TODAY--join us in this great effort of "America First--America Last--America Forever."

would like to become a part of the effort to help alert and organize our Country to preserve our Heritage and Freedoms. I agree to send \$5 or more per month for this purpose, for which I am to become a member of the Paul Revere Club and also receive my Certificate of Recognition. I understand I may withdraw such support at any time by merely returning my Membership Card and Recognition Certificate. This membership also entitles my family and I to the free use of any gathering place or property available to the Christian Conservative Churches of America, Christian-Patriots Defense League, or Citizens Emergency Defense System during emergency or crisis.
