

THE NATIONAL
STUDENT CAMPAIGN

AGAINST HUNGER
AND HOMELESSNESS

Join the National Student Campaign Against Hunger and Homelessness

The Campaign is a network of college and high school students, educators and other leaders working to fight hunger and homelessness in the United States and around the world. Guided by the belief that young people are in a unique position to make a difference in our society, the Campaign helps them turn their concern into action. Below are just some of the projects the Campaign can help you lead in your community.

• **Hunger Cleanup: April 11**

Raise funds for the hungry and homeless and improve your communities through this one day work-a-thon. Complete neighborhood work projects while raising funds by securing per-hour sponsorships for your volunteer hours. In the spring of 1991, 15,000 volunteers raised \$200,000 by completing hundreds of work projects.

• **Hunger & Homelessness Week: November 18-24**

Educate and activate your school by leading a week of coordinated events around hunger and homelessness issues. Sponsor awareness programs to involve your entire campus and initiate year-long participation. Last fall 130 schools led this program to follow World Food Day.

• **National Conference: Oct. 10-13**

Join hundreds of students and administrators from schools across the country for a weekend of learning and sharing, networking with youth leaders and much more! It's a unique opportunity to learn more about the issues, build organizing and leadership skills and meet involved young people from around the U.S.
