Dear Mr.

I'm a Brazilian envelope and stamp collector. I have a good collection of stamps of Brazil and now I'm beginning an United States collection.

Here in Caxias we are having a big Grape Festival. The Exposition was inaugurated in February, 21. In this day our city was visited by the American Ambassador, Lincoln Gordon. Then he inaugurated the IV SENVEX, the philatelic exhibition of the envelope I'm sending to you. In this day he autographed American envelopes of first day, including the envelope of the Ex-President John Fitzgerald Kennedy, of whom he was personal friend. After I received, by the American Consulate in Porto Alegre, many envelopes of first day, including that of the Inauguration Day, that I ask to you autograph it, and if it is possible, to put also the seal of the President. My name and address are:
