July 7, 1966

Dear Mr. Kilpatrick:

I have been asked to respond to your letter to the
*President bringing to his attention Helena Bonciani
XNader, an XAmerican Field Service student from
Brazil.

The President is very appreciative of your interest
and thoughtfulness in writing him as you did about
this young lady, but it will be impossible for him to
personally meet her when the AFS students come to
the White House. As you know, the group is now near
four thousand in number. Therefore, it has been de-
cided that the best possible arrangement that can be
made is for this group of students to be invited to the
South Lawn of The White House and for the President
to go out and address them there. I know you will
understand, too, that he could not single out any one
student in particular.

With the President's best wishes to you,

Sincerely,

W. Marvin Watson
Special Assistant
to the President

Mr. John R. XKilpatrick, Jr.
Chairman, History Department
