Have you been sitting there feeling helpless? Do you listen to the blatant idiocy on T.V. and radio and feel there is nothing you can do? When your nutty sister starts with her religious guff, does a sense of outrage engulf you when you need to hold your tongue to keep the peace? When you see your children mentally assaulted with biblical fantasies do you want to commit mayhem?

HELP HAS ARRIVED!

The Bible Handbook is the real revelation for which the religious have been looking. So, sock it to them! You will be delighted, appalled, titillated, angered, amused, outraged that the bible, an intellectually disgusting book, has been fobbed off as "holy," as unimpeachable, as the absolute word of god, on hundreds of generations of humankind.

Everything is here: absurdities, indecencies, contradictions, unfulfilled prophecies, broken promises of god, obscenities, sado-masochisms, lewdness, impossibilities, bad history, non-existent geography, time warps, phantasmagoria. You won't even be angry at us anymore for our calling it offal, the excrement of sick minds. You will be totally dismayed that the Congress and President of the United States have endorsed this unadulterated bull-shit in the year 1983 — and maybe you will even become angry enough to do something about it: like sending this book to your Congressman or Senator and demanding that he read it, swamping the White House with it, demanding that Reagan read what he has endorsed, giving a copy to your religious relatives, friends, working colleagues? After you get this book — it is up to you to help sanity in the world by exposing the bible.
