Now, if the Law had been given to the Chinese race; if the stories and prophecies were about the Chinese; if the epistles were written to the Chinese; and if Yahweh had inspired Chinese men to write all of the books of the Bible, then you would most certainly say that the Bible is a Chinese Bible. Therefore, since the Law was given to Israel; the stories and prophecies are about Israelites; the epistles were written to Israelites; and Yahweh inspired Israelites to write the books of the Bible, then the Bible is most certainly and Israelite Bible!

In Romans 9:4-5, Paul said, in reference to his kinsmen according to the flesh: ***"Who are Israelites; to whom pertaineth the adoption, and the glory, and the covenants, and the giving of the law, and the service of God, and the promises; Whose are the fathers, and of whom as concerning the flesh Christ came, who is over all, God blessed for ever. Amen".*** Those verses cover every aspect of the Bible. They leave out absolutely no area. The entire Bible--every part of it--pertains to the Israelites; and because we are the physical descendants of Jacob/Israel's twelve sons, we are Israelites. That means that the entire Bible pertains to us!

The Bible, therefore, is truly--our Israelite Bible!
