1. Admiral Heck Denounces Communism in the Navy (U). The previous Minister of the Navy under the government of Janio Quadros, Vice Admiral Sylvio Heck (Retired), denounced the infiltration of communist agents into various sectors of the Navy during a hearing by the Police-Military Investigation (IPM) on 8 June. He went on to state numerous examples where the government was gradually being carried toward the cover of the "iron curtain" and was extremely critical of the previous government and cited various names directly involved in subversive activities. The April 1 Revolution aborted the communist conspiracy that was gradually taking control of the masses.
