
and the work of FRC, let me assure you that every penny counts. Whether you give \$5, \$15, \$25 or \$50 or even more, all will be put to good use in the vital work of this organization.

In all the victories that FRC has helped win for the betterment of our country, not one has been accomplished without the dedication of friends like you.

Thank you for standing for what is right. God bless your family, and may He lay His healing hand upon our nation's schools.

Sincerely,

Chuck Donovan
Executive Vice President and
Chief Executive Officer

P.S. Have you ever noticed that every time a new school goes up, the windows get smaller and smaller? Sadly there are not only smaller windows that prevent our children from looking out during their day to ponder the beauty of God's world, but there also are "smaller windows" of opportunity in our schools for the hearts, minds and souls of our children to grow and flourish.

Fortunately a change is taking place in America. Help FRC and thousands of other concerned Americans to be part of that change. Call 1-800-225-4008 or respond to the enclosed brochure now to be part of this sweeping effort to rebuild and refocus our schools and reassure our children of essential truths.
