Carmen Abad, Adm.Ass't, ARDO

Request of book "Principios do Melhoramento Genético das Plantas".

Before preparing the list of the institutions which are to receive copies of the book "Principios do Melhoramento Genético das Plantas", we would appreciate if you could provide ARDO Rio office with 25 copies.

These sample copies will be sent to Brasilia, Recife and to the Chiefs of Party of the Universities contracts for suggestions and recommendations, for a better distribution of this publication.

Thank you for your nice attention.
