Dec. 30, 1968

Jerome Hulehan, ARDO Program Officer

Book Program: Principles of Plant Pathology

This book is one which the ARDO Book Committee selected to translate and publish. However I was recently informed that a book entitled Manual de Fitopatologia, written originally in Portuguese has just been published by Biblioteca Agronomica Seres of São Paulo. Therefore there will be no need to translate the English language text.

The USAID will not purchase copies of Manual de Fitopatologia for distribution. If any of you are interested in purchasing copies of this book for your Brazilian counterpart agency I suggest you check with your local book stores, write directly to the publisher, or write Prof. Galli of ESALQ, who is one of the co-authors of the text.

I hope you will pass this information along to your Brazilian counterparts and to your US colleagues.

Distribution:

- G. Patrick, Purdue Contract
- C. Spies, Purdue Contract
- A. L. Moxon, OSU Contract
- W. Slatter, OSU contract
- D. Rohwedder, Wisconsin Contract
- G. Almgren, IRI Contract
- J. Bateson, IRI Contract
