

## GOON SQUAD PLANS

FEMA sponsored a three day "terrorism" seminar at the close of August in Texarkana. About 65 Goon squad types attended -local police & sheriff dep, ATF, FBI, U.S. marshalls and Texas DPS. FEMA showed with a whole caravan of vehicles & gear. This was the new world order event of the year for the Goon boys- a gala event for sure. Plans were made on how to deal with local patriots when the balloon goes up. Gun confiscator was discussed. Local patriots were profiled for future attention. All in all it sounds they are getting ready to prepare for the round-up of the red & blue lists.

The main speakers at these events are self-appointed experts from the jew ADL and the southern poverty law center. The agenda of both is the establishment of the new world order. It is this unbiased opinions in which these terrorism seminars are held. They have influenced the police so much that they are no in lockstep with the one worlders. They happily enforce the guidelines of the totalitarian state and think they are patriots for doing so. You had better set your mind that it will be these goon squads who will be sent to confiscate your guns and arrest you as an enemy of the N.W.O. state.
