

Are You Weak or Asleep?

Isaiah 41:13 — For I the Lord thy God will hold thy right hand, saying unto thee, fear not; I will help thee.

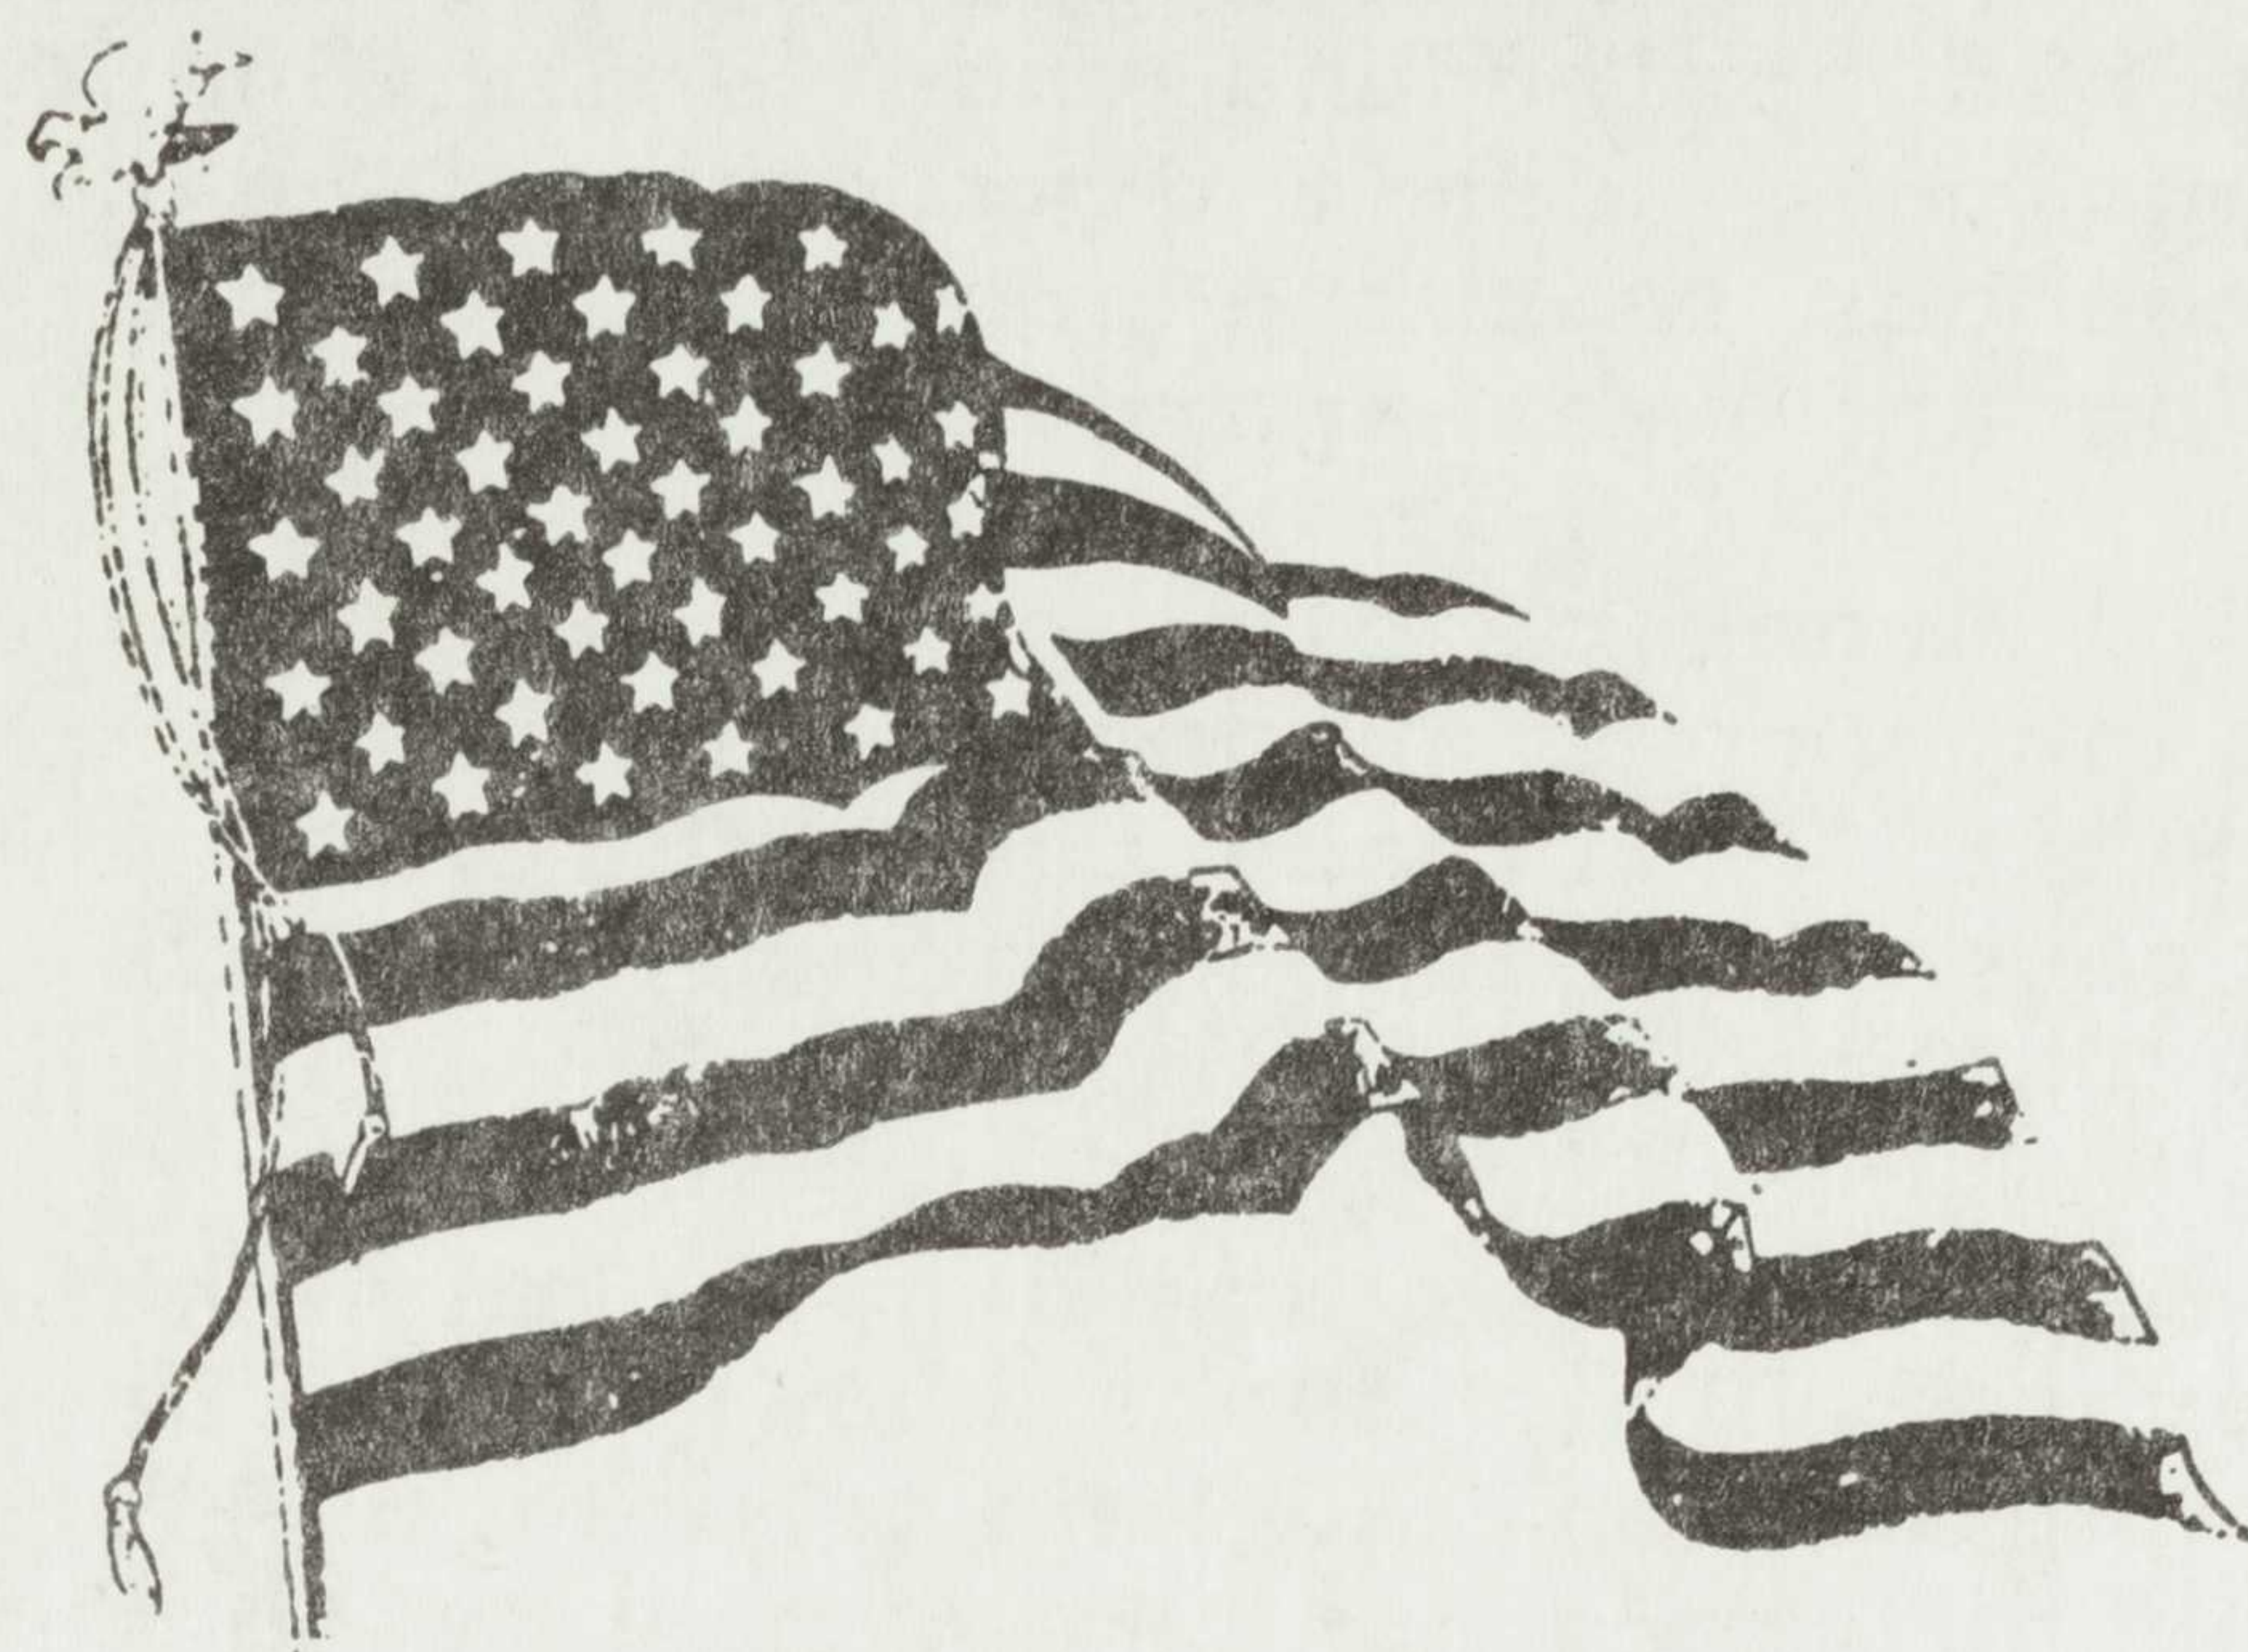

The subject on this occasion is subversion and treason. Negligence by those who should oppose it — the reason. The PATRIOT is tired and weary and worn; For years he has worked beginning early each morn. He has striven to inform you in the best way So you and yours may live to see another day. Are you aware of the hardship he has borne? He is exhausted and the enemy will not mourn. He has labored and sweated and spent every dime While the affluent were having a good time. They go and deposit their "rubles" in the bank With never a thought of going by to say thanks. Your freedom is at stake, my dear friend; Come join with him and battle to win. In God's name he asks you to speak, To let him know if you are weak or asleep.

History tells us in the beginning of the U.S.A. The PATRIOT allowed no one to stand in his way. Do you remember how he labored day after day? He and his family with their all—did pay. It was our good fortune to inherit this land And now it is our duty to take a stand. This day, in defense of all we hold dear, Countrymen; he begs you, come listen and hear. In this grand struggle, for your help he has pleaded. You have no idea now badly you are needed. He hopes and he prays you're not planning to run. Come polish up your courage, and be a brave one. Far, far too many have not helped in this fight. As an American, do you think this is right? Today the lonely PATRIOT expects you to speak; To let everyone know if you are weak or asleep.

(EDITOR'S NOTE: This contribution is dedicated to those good Christian people, patriotically motivated, who down through the years have dared to warn their fellow Americans what would happen to our freedoms and our national sovereignty if we continued to permit corruption and subversion to multiply throughout our beloved country (and if we continued to elect as our representatives, men who worship foreign idols, obedient to the love of money and power and oblivious to the progressive enlargement of Communists and other totalitarian influences within our federal government), who have either died or dropped out of the fight because of the ravages of time; ill health, old age, financial exhaustion, or simply brokenhearted because affluent people of their acquaintance, whom they respect, lacked the will and the courage to become equally patriotically motivated.

If we continue apathetic, indifferent to reality, long before the last gallant, dedicated American patriot quits fighting Communism, we will have surrendered—WITHOUT A WHIMPER.—J.C.P.)
