SUBJECT: USAEC GRANT TO CNEN FOR CO<sub>60</sub> IRRADIATORS

REF: Department Airgram CA 12024, dated May 11, 1965 (to be changed)

AE 6 BRAZ-US

Dr. Goncalves has inspected and certified to completion of irradiators manufactured by Radionics Laboratory. Referenced airgram requested name of GOB representative who will also sign invoices.

USAEC understands need for import license from Bank of Brazil may be delaying designation of GOB representative and acquisition of insurance by CNEN. Vendor experiencing financial burden and hardships as result of delays. Would appreciate whatever assistance Embassy can be in impressing CNEN and GOB with urgency attached to need for prompt action.

Inasmuch this equipment being procured under Government to Government grant appears to us import license might not be required or if required could be expedited.
