

THE ABRAHAM LINCOLN FOUNDATION

Dear Congressman Franks:

I realize that it must be difficult to endure the strong-arm tactics of the liberals in the Congressional Black Caucus.

But if there was ever a group that needed to hear the conservative message of free enterprise and self help, it's those same liberals.

Your refusal to let your non-liberal views be censored is an inspiration.

Please take comfort in knowing that there are many Americans who admire and respect your views as well as your statesmanlike poise under fire.

Sincerely, _____
