If your attitude is with us but your budget is somewhere else, become a Member of the Advocates at \$100 per year or \$10 per month. For your convenience, put it on your credit card. You receive as a premium an audio 4-tape series of the highlights of the SUMMIT'87 Communicator Workshop.

For a contribution of any size, you will receive an audio cassette of my presentation, How to Use the Ransberger Pivot to Get a Hostile Questioner to Listen With an Open Mind. You'll be amazed how simple, obvious and effective the Pivot is. It's one of those ideas that is so good you say to yourself, "Anybody could have thought of that. I wonder why nobody thought of it before."

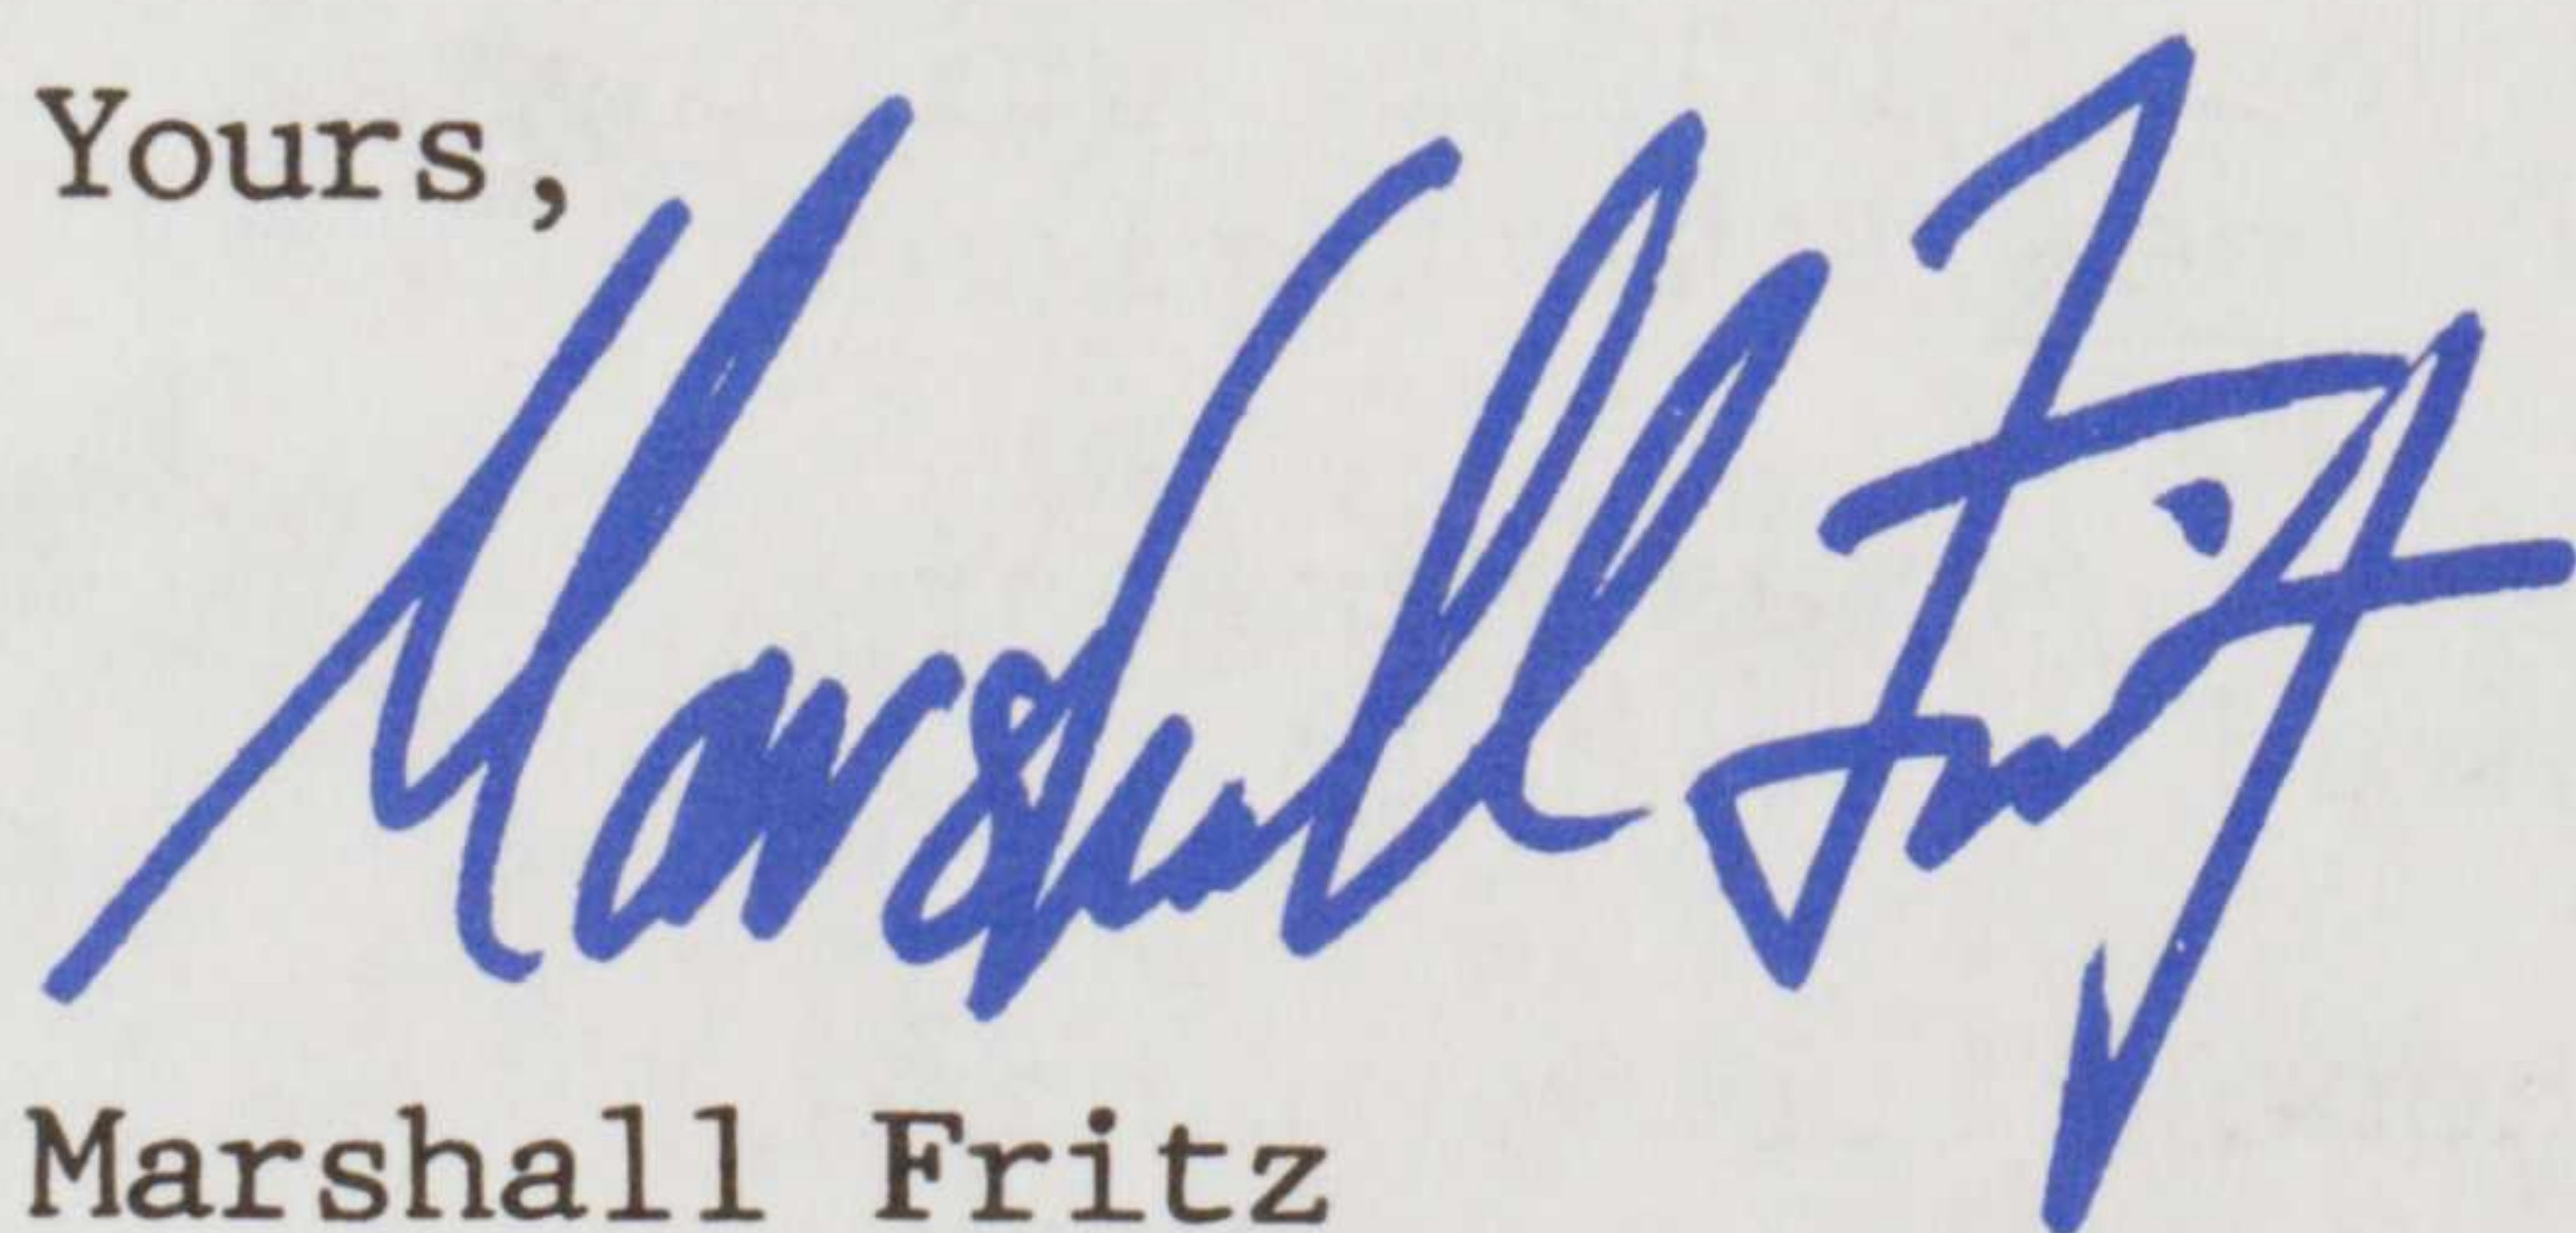

I know that your financial contribution represents a part of you. After all, you get paid for your time and talent. So the money you send symbolizes time and talent you were unable to invest directly.

Of course, we do have a way for you to give of your time directly - the Seminar Team - and I hope you'll want to participate in that way. But one of the realities of the market is that we cannot trade your directly given time for telephone, postage, and printing. So it's vital for you to give your energy symbolically - with a check, money order, or credit charge.

And with all contributions you'll receive a subscription to our bi-monthly newsletter, the LIBERATOR.

Please, invest what you can. I've enjoyed sharing these ideas with you.

Yours,

Marshall Fritz
President

P.S. The Advocates is a 501(c)3 tax-exempt educational organization. Your contribution is tax deductible. Mail it right away so you get the deductibility benefit for 1987.

P.P.S. The credit card approach has proven itself so helpful for regular monthly supporters, that if you care to support us this way, I'll send you a coffee mug with the World's Smallest Political Quiz on it. It's the slickest outreach idea in years!
