
Henry Hazlitt

THE CONQUEST OF POVERTY

This is a sure-handed analysis of what is wrong with the programs that are supposed to help the poor. Whether it is minimum wages, a negative income tax, or land redistribution, Mr. Hazlitt has taken up these and numerous other proposals and shows how ineffective they are.

THE CRITICS OF KEYNESIAN ECONOMICS

(edited by Hazlitt)

John Maynard Keynes provided a theoretical justification of the welfare state in his *General Theory*, published in 1936. It is eye-opening to read what many leading economists have had to say about the fallacies and implications of Keynesian theory. Henry Hazlitt has done a remarkable job in bringing together these articles.

ECONOMICS IN ONE LESSON

This is the one book everyone should read. In a clear and simple style, Hazlitt provides the basic insights into understanding the free market and then shatters every common myth about government intervention in the economy.

218 pages

Paperback **5120PF** **\$6.95**

THE FAILURE OF THE "NEW ECONOMICS"

Henry Hazlitt exposes the whole pretentious mess of Keynesian economics for what it is—a call for political action supported by a façade of economic obfuscations.

470 pages

Paperback **5125PF** **\$16.75**

THE FOUNDATIONS OF MORALITY

Utilitarian ethics has a modern and gracious spokesman in Henry Hazlitt. Those who disagree in some measure will nonetheless benefit from reading such an able exposition.
