KEYSER FROM KEPPEL

On page 14 Correio da Manha March 29 names 40 Deputies as signers of letter to Goulart re Cuba Congress. 40-2 is number signers usually given in press. In accordance our agreement on division of labor, Brasilia should write Aiggram to Department on subject listing signers together with comments on what their signing tells us about deputies concerned. My own off-hand impression is that anyone who can get turned out for idiotic show like this can be counted on for almost any other purpose too but am willing listen to reason if you disagree.

If correct number of signers can be verified as 42, those missing from Correio list may be among Sgt Antonio Garcia Filho, Heloo Vitor Ramos, Rubens Paiva, all mentioned or discussed elsewhere in connection this movement.
