

**RELAY TRIALS.**

**Teams Not Yet Finally Picked, but Competition Narrowed Down to Few Men.**

The final trials for the 'Varsity and class relay teams, which are to run in the Armory meet next Saturday, will be held on the board track on Lincoln Field this afternoon. During the past week many men have had trials and the following stand out as possible candidates for the 'Varsity team: Capt. Marble '12, Jarvis '11, Jetter '14, Miles '12, Leith '12, and Cook '14. The class teams will probably be picked from the following men: Seniors—Burke, Hubbard, Maxson, Winslow, Young, Jarvis; Juniors—Leith, D. R. Mahoney, G. A. Adams, Pingree, Miles, McGuire; Sophomores—D. L. Mahoney, Hooker, Parker, Burwell, and Kulp; Freshmen—Jetter, Czuback, Holding, Gormley, Cook, Askley and Foss.

**Basketball Practice.**

The 'Varsity basketball team practiced last night, with every man present with the exception of Snell. The men were in good shape physically, though they showed the effect of the Williams game in rather slow footwork. The second team played in exceptionally good form, Nash, Miller, and Shepherd starring. The line-up for the practice was as follows:

- Sullivan, Winslow, r. f. l. g., Nash
- McKay, Von der Leith, l. f.,
- r. g., Shepherd
- Scholze, McLyman, c. . . . c., Staff
- Adams, l. g. . . . . r. f., Miller
- McLyman, Sullivan, r. g.,
- l. f., Howe

**Judges for 1880 Contest Selected.**

The names of the judges for the class of 1880 prize debate have been announced. The two appointed by the President of the University are W. W. Andrew '03, and Royal C. Taft, Jr. '95; the two appointed by the undergraduate committee, consisting of E. L. Yatman, Editor-in-Chief of the Herald, W. H. Robertson, Editor-in-Chief of the Brunonian, and M. J. Wessel, President of the Debating Union, are Dr. S. K. Gifford, Principal of Moses Brown School, and Hon. Charles C. Mumford '81; the fifth, representing the English Department, will be Professor H. B. Huntington.

**JUNIOR PROMENADE.**

**Committee to Take Charge of Dance Appointed.—Date Not Yet Settled.**

The Junior Promenade Committee has been appointed by the officers of the committee and has begun work. The date for the promenade will not be decided upon until the Junior Week Committee organizes. The following Juniors constitute the Promenade Committee: Willard Fremont Gordon, Jr., Chairman; William Henderson Robertson, Treasurer; Royal Willis Leith, Secretary; Edward August Adams, Ryland Benjamin Andrews, Herman Carey Bumpus, Jr., Ralph Sherwin Drury, John Joseph Gilbert, Preston Hart Hood, Henry Gildersleeve Marsh, Earl Philo Perkins, Fred Clarence Perry.

**Interesting Exhibit in John Carter Brown Library.**

There is an exhibit, containing a large number of old English prayer books, in the John Carter Brown Library. The oldest volumes are copies of the first prayer book and order of service, which was published by the Church of England in 1550. This prayer book was prepared by a commission under the guidance of Archbishop Crammer, and was finished in the spring of 1549. Three printers were immediately engaged, who published five copies before midsummer. Several other editions followed, because of the difference of opinion among those wishing a greater or less change from the Roman service. There is also a copy of the prayer book and order of service which was published in 1786 at Philadelphia. This publication caused much discussion because of several radical changes from the Anglican service.

There are several volumes of special interest shown in the cases. One of these is a prayer book and order of service which was published in 1580 as a thanksgiving for the failure of the attempt against the life of Queen Elizabeth. Another very interesting part of the exhibit is three volumes which belonged to Nicholas Brown and were published at London in 1724 and 1747 and at Edinburgh in 1761. There is also a book in the arrangement of which Benjamin Franklin helped while spending

**FIRST CLASS SMOKER.**

**Prof. Randall to Speak at Junior Gathering.—Smokes and Refreshments.**

The first of a series of smokers has been arranged by the Junior Class Social Committee, to take place this evening at eight o'clock in the Union. Prof. O. E. Randall will speak on "The Engineering and the Academic Man." Cigars and cigarettes will be furnished, and light refreshments will be served after Prof. Randall's talk.

The members of the Junior Social Committee, which has charge of the affair are: H. G. Seidel, W. Pendelton, and H. C. Bumpus, Jr.

A number of other smokers are being planned by the committee, to take place during the term. Some member of the faculty will probably speak at each one.

**Seniors Plan Smoker for Next Tuesday Evening.**

The first of a series of Senior smokers will be held in the Union at 8 o'clock on Tuesday evening, Jan. 31. There will be a brief musical program, and Professor Courtney Langdon will read a play. Smoking materials will be furnished, and there will be light refreshments. The smoker will be in charge of the Social Committee, which consists of the following men: B. G. Smith, J. E. Hinckley, and G. R. Hill.

**Freshman Basketball Schedule.**

**INTERESTING PROGRAM.**

**Religious Education Association to Devote Two Days to Discussion of College Problems.**

The program for the Department of Universities and Colleges at the annual meeting of the Religious Education Association has just been announced, and promises to be of even more interest to the University than the general sessions. The meetings of the department will be held in Sayles Hall, Wednesday and Thursday, Feb. 15 and 16. The program was prepared chiefly by President W. H. P. Faunce and Professor E. D. Starbuck of the University of Iowa.

The two general topics for discussion are, "How to Aid College Students in Making a Safe Reconstruction in Morals and Religion," and "The Religious and Character Value of the Curriculum." At the meeting at which the latter topic will be discussed, the value of different subjects of study will be taken up, and Dean Meiklejohn will speak on the "Value of English." Among those who will take part in the discussions of the sessions are President Arthur T. Hadley of Yale University, President Mary E. Woolley of Mount Holyoke College, President Henry S. Drinker of Lehigh University, Professor Richard M. Hodge of Columbia University, and President L. C. Stewartson, Hobart College.

The speakers and subjects under the general head of "The Religious and Character Value of the Curriculum" are as follows. Each is a specialist on the subject which he will discuss:

- Biology—Professor John M. Coulter, Professor of Botany, University of Chicago.
- Sociology and Economics—Professor J. W. Jenks, Cornell University.
- Psychology—Speaker to be announced later.
- The Physical Sciences—Professor Francis Smith, Governor's Island, N. Y.

Loyalty in Chicago.

Welcome indeed is the word from Chicago that Brown alumni in and around the Windy City are exerting organized effort in the cause of interesting preparatory school men in their Alma Mater. Substantial evidence of their earnestness is to be found in the annual scholarship of one hundred and fifty dollars which is offered for the partial support of some Chicago youth at Brown. Alumni of many other colleges are adopting precisely this method of aiding their respective colleges, and it would seem that other groups of Brown graduates need not be slow in following the example of the Chicago alumni. For such investments of effort and money pay a high rate of interest in nationalizing a college or a university.

Cheer Leaders.

We are interested in the action of the Celebration Committee in providing a competition for the selection of cheer leaders as recognizing a need which has been felt, for some revision of our present method of choice. Whether the change which is now proposed will be successful is hard to predict. Much will depend on the nature of the competition. If the candidates for cheer leaders' positions are taken into a room apart, and the gyrations of their arms are mathematically timed, while an artist is called in to pronounce on the beauty of the curves described, the result will hardly be the choice of the best cheer leader. The elements of personal magnetism, and ability to command confidence and respect must be present in the man who would lead his fellows. We see no reason, however, why, after a preliminary selection, a try-out of candidates at minor games would not be of great assistance in the choice of a leader.

**QUALITY AND PRICE**

If you are searching for bargains, consider quality first and price afterward. Low prices do not always mean bargains; in fact, the lowest priced good, as a rule, are the most expensive in the end.

We have made reasonable reductions in the prices of our winter Suits, Overcoats, Raincoats, Trousers and Fancy Vests, to clean them all up now; we do not intend to carry them over to another season.

This enables you to purchase the very best clothing made, at a price as low or lower than you are asked to pay for the ordinary kind.

While it is true lots are broken in sizes, there are still among the entire lot sizes to fit anyone.

All new goods made up for this season on new and up-to-date models, strictly guaranteed as to quality and satisfactory wear.

**Proposed Change in Rules Regarding Track Suits.**

An important announcement is proposed in the Athletic Association's Rules regarding track suits. This suggested change will be acted upon by the Athletic Board in two weeks' time. It is as follows: "Running pants shall have, in addition to stripes on the sides and around the waist, one around the bottom of the pant's legs 1¼ inches in

width; and the silk band on the jersey shall be increased to 4 inches, so that the 'Varsity B may be sewed on it instead of above it." This would make necessary the B with two smaller brown A's in the same horizontal line.

**Freshmen Decide to Organize Class Hockey Team.**

A short meeting of the Freshman class was held yesterday afternoon in Room P of the Union. The only matter discussed was the question of starting a class hockey team, and it was voted that such a team be formed, and that the Sophomore class be challenged to play an interclass game.

The University Library has received from the Intercollegiate Association of Amateur Athletes of America a set of three books containing reports of the last three track and field meets of that Association. These books are very complete, being illustrated with photographs, and containing all records made in the three meets.

Overall, the pitcher of the Chicago Nationals, will assist in coaching the baseball team of the University of California this spring.
