

lems presupposes "a radical change in economic philosophies." (493 pages, indexed; clothbound \$5.00)

†UNDERSTANDING OUR FREE ECONOMY by Fred R. Fairchild

This book, offered as a high school text, explains how a free economy operates and examines the points of departure from freedom toward compulsory collectivism in our own lives. (589 pages, indexed; \$3.96 clothbound)

†WHAT SOCIAL CLASSES OWE TO EACH OTHER by William Graham Sumner

A classic on individual freedom and personal responsibility, written in 1883. (146 pages; \$1.25 paper-bound)

†WHERE WE ARE AT by Thomas H. Barber

In much the manner of a person chatting with his neighbor, the author points out the forces which have brought us so swiftly into so much war, debt, confusion, and frustration. (255 pages; \$1.50 paper-bound, \$2.50 clothbound)

Bibliographies

(multilithed, 5-11 pages, for debate and discussion groups, single copy free)

A suggested list of references has been prepared by Bettina Bien on the following:

COMPULSORY FEPC LEGISLATION

FOREIGN TRADE

FREE TRADE

HOW CAN WE MOST EFFECTIVELY COMBAT THE THREAT OF COMMUNISM?

HOW SHOULD WE SELECT A PRESIDENT?

WORLD GOVERNMENT

A BIBLIOGRAPHY ON THE VOLUNTARY SOCIETY by F. A. Harper

A list of 100 books. A supplement, available for individual books upon request, gives a brief review and information about the author.

Special Essay Series

(multilithed, 2-20 pages, 8½" x 11", single copy free)

ACADEMIC FREEDOM by Leonard E. Read

Arguing that academic freedom is an organizational, not an ideological, problem.

COMPETITION FROM CHEAP FOREIGN LABOR by Yale Brozen

On protecting our "high standards of living" by tariffs.

CORPORATE CONTRIBUTIONS FOR EDUCATION by Leonard E. Read

Legally the matter is settled. But what is the practical answer from the standpoint of corporate interest?

FOR THOSE WHO ALREADY AGREE by E. W. Dykes

For the person who insists that he is already sold on free enterprise and that it is the other fellow who needs the literature on the subject.

SIMPLY SPEAKING by F. A. Harper

Why explanation and expansion rather than brevity are the answer to "Make it simple!"
