

My radio broadcast has suffered severely. I took on this satellite ministry when the opportunity opened, but I did not have any preliminary underwriting.

Here are quotations from two or three letters that have just come from people who just happened to get us. They showed us that we are welcomed. We are meeting a need and they are grateful. I think there are millions in this country who would watch the program if we could get to them. This, therefore, is an appeal from me to you to reappraise what you are doing with your money that is the Lord's and what you can eliminate. We must occupy; we must fight; we must love our country and defend and maintain our glorious faith.

This satellite ministry is the greatest opportunity in my lifetime to get out, get around and get over what the liberal media has been doing to the American people and determine the agenda for the country.

Our Christmas is almost here, when it is the time that we get so much of our funds. Let us make it a Christmas for our freedom and the raising up of strong, courageous Christians and patriots. It must be done, and by God's grace we will do our part with your prayers and help. "With God nothing shall be impossible" (Luke 1:37).

Thank You

Carl McIntire
