Again, Isaiah elaborates by adding that when the redeemed and ransomed of the Lord return to Zion, "they shall obtain gladness and joy; and sorrow and mourning shall flee away" (Isa. 35: 10 & 51: 11).

Sorrow and sighing have not flown away since Zionist zealots dispersed the Arabs from their homes in 1948, nor is there any prospect of mourning fleeing away in the immediate future. From these facts alone, apart from other relevant considerations, it is evident that the fulfillment of Zionist ambitions does not coincide with the predicted return of the redeemed people to whom the prophecies of Isaiah refer.

Cairo Radio describes the British for being "agents of Zionist aggression," while conveniently forgetting the thousands of British servicemen who died in the course of maintaining law and order during the Jewish (Stern gang) rebellion prior to the termination of the Mandate.

JEWISH EXPONENT, Jan. 6: Jerusalem -- Israeli Minister Moshe Sharett has made a verbal protest to Russia concerning the anti-Israel allegations made by Nikita Khrushchew (they mean Khrushchev -- ED.)...during a speech last week at the Supreme Soviet in Moscow.

The Exponent does not repeat Khrushchev's statement, so we give it here from NEWSWEEK, Jan. 9: "(We) recognize as condemnable the acts of Israel which, ever since it came into being, has been threatening its neighbors."

To which we say "Amen!" One thing -- you've got to hand it to those two Russians -- BULGANIN and KHRUSHCHEV -- they don't hesitate to come right out and spit the truth right out, let it fall where or hit whom it may. This time it hit the three-head Isis-Ra-El god.

ISRAEL'S WRIST WILL BE SLAPPED BECAUSE THEY MURDERED 57 SYRIANS: N.Y. Times, Jan. 6-
First Column: "The Western Big Three agreed that Israel should be censured in 'strong and unequivocal terms' for her Dec. 11 raid on Syrian outposts near the Sea of Galilee. There were indications that the three powers also were considering inclusion in the final text of a provision that Israel pay indemnities for the Syrian civilians killed in the raid. United Nations reports listed eight civilian casualties." (Article by Kathleen Teltech).

The Jews penetrated the Syrian seaside for two miles or more and shot into and up every house or installation they came to, and earlier reports stated that "many other Syrians" would have been killed -- besides the 57 -- had they not withdrawn hastily into the interior.

Israel should have to pay not less than a million dollars to Syria for every
