

Advocates for Life Ministries

P.O. Box 13656 • Portland, Oregon 97213 • (503) 257-7023, Hotline (503) 257-3031

Dear Friend,

Thank you for expressing an interest in our ministry, and in our publication, *Life Advocate* magazine.

Life Advocate is only one part of a donation-based ministry that includes organizing and encouraging rescue efforts for the unborn in Oregon, across the nation, and around the world. Did you know that Advocates for Life Ministries organized the first rescue mission for the unborn behind the Iron Curtain (Poland -- 1992); or that Jack Kevorkian's "Final Action" document was found as the result of AFLM's *Stop Kevorkian Project*? All of these efforts, including our local activism to educate the Church and world, and to help women who are carrying a child at a point of crisis are funded through the generous help of people just like you.

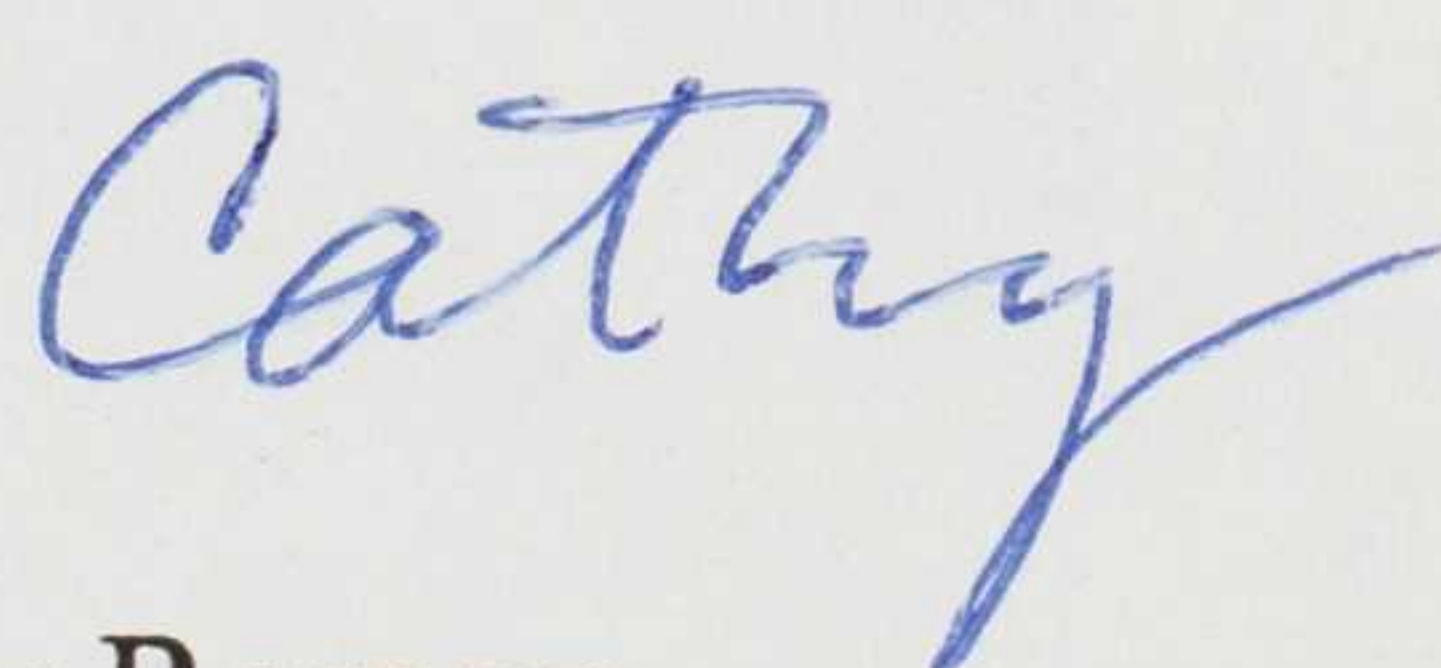

If you are interested in receiving our monthly publication, *Life Advocate*, we have a suggested donation rate of \$30.00. Because we are a small ministry, this donation reflects only a portion of the actual cost of bringing you cutting-edge information about pro-life issues. And this provides you with monthly news from the only national magazine to focus on rescue efforts in the United States and in other countries.

If you are genuinely interested in receiving *Life Advocate*, but cannot afford the donation rate of \$30.00, please fill out the card, indicate that you are experiencing a financial hardship, and return it to us with whatever you can afford to send. We will honor your request with the understanding that you are being honest before God and man in stating that you are unable to meet the full rate. Through the generosity of another we will do everything possible to serve you too. Then as you are able, we encourage you to be generous.

Advocates for Life Ministries is a 501-C3 organization. Your help in this vital, life-saving ministry is tax-deductible.

We hope you will be blessed and encouraged as you read *Life Advocate* every month. Likewise, we encourage you to bless us on a regular basis with information about your own life-saving efforts. We especially covet your prayers.

Serving God for Life,

Cathy Ramey
Associate Director

"Rescuing The Unborn And Their Mothers From Abortion."
