

for World Food Day, use . . .

A Sustainable Development Curriculum Framework for World History and Cultures

A practical global education resource book for secondary social studies teachers

Incorporate
the environment
economic development approaches
justice issues

in courses on world history, world cultures, world geography and global studies

***Sustainable Development** is development that meets the needs of the present without compromising the ability of future generations to meet their needs.*

Contains...

- Background on sustainable development
- Twelve methods for infusion
- Sample lessons, reproducible handouts
- Resource lists for AVs, publications and organizations
- Extensive annotations of available lessons
- A test bank of 80 multiple choice questions
- A guide to student action

Developed in collaboration with practicing social studies teachers and field tested in seven high schools with funding from the U.S. Agency for International Development, Allied-Signal Inc., The Danforth Foundation, and The Geraldine R. Dodge Foundation.
