Hi,

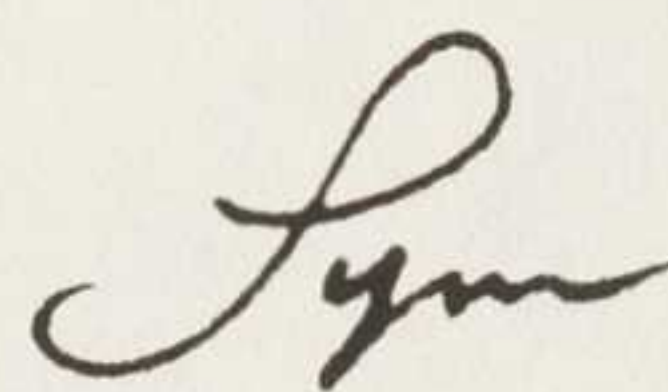

No need to tell you who we are so I will tell you what we have been up to. The release of "Hay-Fever" last year put us into a whirlwind of action with premieres locally, San Francisco, and Hollywood. Sales have been good and all of the wonderful, supportive women who invested with us to help complete "Hay-Fever" have been paid off! Our attempt to reach more and more of you through advertising has resulted not only in national exposure but international as well. We have received requests from fourteen other countries including Sweden, Japan, Australia, New Zealand, Finland, South Africa, England, Puerto Rico...

This year we were able to attend the Southern, Michigan, and West Coast Women's Music festivals. It was most fun for us because it gave us an opportunity to meet folks in person and help to demystify certain aspects of our business. It has been satisfying over the years to watch women embrace and celebrate their sexuality with more and more acceptance. We exist to encourage this growth.

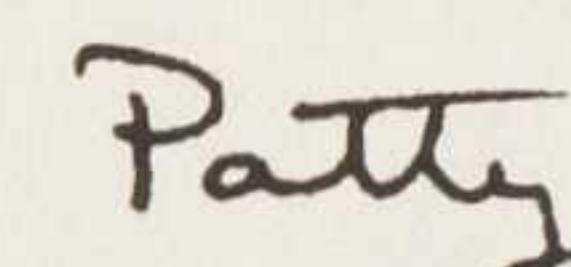

The holiday season has arrived and it is time to think about the delightful opportunity of gift giving. (Don't forget to include yourself). We would like to make it easy for you by offering our entire line of video, audio, Tee-shirts, and G-spot material at a *preferred customer* discount. Simply put P.C. on the order form and deduct 15% after totaling the price and before adding tax and shipping. We all deserve a little excitement in our lives, don't you agree?!

With love,

The Women of Tiger Rose Distributing
