

BAGHDAD RADIO

In flamboyant rhetoric, RADIO BAGHDAD's "INTERNATIONAL VOICE OF THE MASSES" has denounced President GEORGE BUSH for his "AGGRESSION AGAINST IRAQ." They said, "IT SEEMS THAT BUSH, LIKE (former British Prime Minister Anthony) EDEN 35 YEARS AGO (in the Suez invasion) WILL SUFFER A NERVOUS BEAKDOWN. U.S. OFFICIALS SHOULD START LOOKING FOR A HEALTH RESORT FOR BUSH, WHO WILL BE REMEMBERED IN HISTORY AS ONE OF THE WORST WAR CRIMINALS IN HISTORY."

"TACTICAL NUKES"

U.S. officials have threatened to take "EXTRAORDINARY MEASURES" if IRAQ uses chemical or biological weapons. We have 1,900 low-yield NUCLEAR artillery shells available for 8 inch and 155 mm artillery in current stockpiles. TOMAHAWK cruise and LANCE missiles, F-16, F/A-18, A-6, F-111 and F-4 aircraft can also deliver tactical NUCLEAR BOMBS.

OFF WITH HIS HEAD

The current plan is to let SAUDI ARABIA take care of SADDAM HUSSEIN if he is captured alive. They would charge him with being an enemy of GOD, waging war with ISLAM and try him in an ISLAMIC court for his crimes. When found guilty, they would take him to the holy city of MECCA to be beheaded in the public square according to ISLAMIC LAW.

THE LIGHTER SIDE

How about SADDAM HUSSEIN ? People take an instant dislike to him - they don't want to waste time.

We treasure every moment that we don't see him.

If his I.Q. were any lower, he'd trip over it.

People would like to break him in half - but who wants two of him ?

He's going through a nonentity crisis.

If he could train a donkey to talk - there'd be two smartasses in his family.

When they made him, they threw away the shovel.

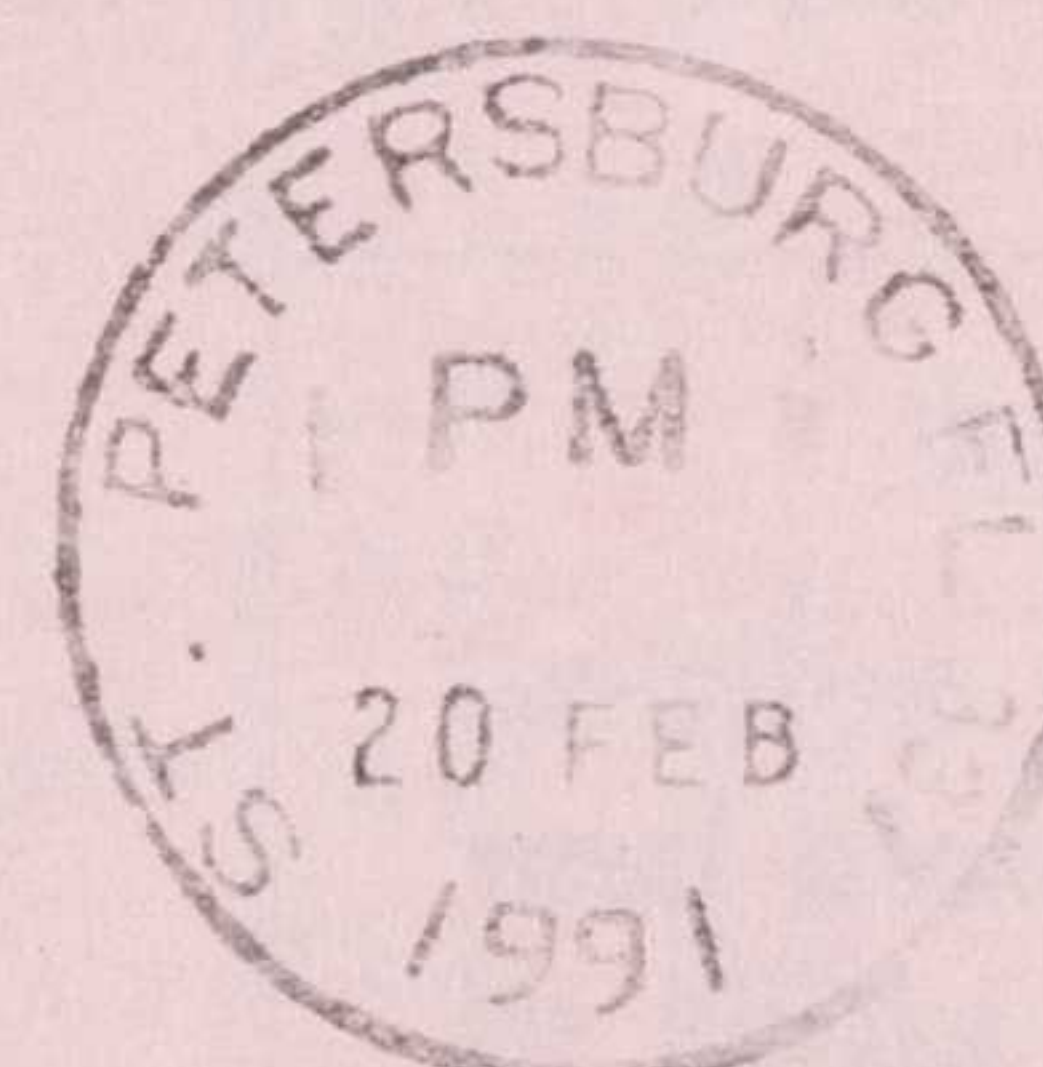

He went in for open heart surgery and they're still looking.

We hope he jumps on a bicycle and discovers it has no seat.

He's nasty, vulgar, stupid and obnoxious and those are his good points.

He took a course on how to be your own best friend - and flunked.

He dialed a 900 phone-sex number and a woman said, "NOT TONIGHT. I'VE GOT AN EAR ACHE."
