high school teacher might request a single "Scorecard of the Radical Left" (see enclosure) to hang in his classroom as a teaching tool. Should I ask him to send me a dime or fifteen-centa or a quarter for the single reprint? I haven't the machinery for bookkeeping of that type yet the reprints and the postage involved in getting them to where they will presumably do some good is costly indeed.

To indicate my ability to communicate from the lecture platform I'm enclosing a sampling of letters (copies) picked at random from my correspondence files. The fees represented here are not at all like the fees paid my extremist enemies. At Idaho State in Pocatello a few years back I was paid one sixth of the amount given to a KKK leader from Alabama, Robert Welch of the John Birch Society, and Herbert Aptheker of the Communist Party, U.S.A. Reason and even handedness never pay as well as hating and sensationalism.

I've no idea of your resources Mr. Miller or the demands made on them. If this appeal comes at a bad time please say so and I will understand. If you can help, be assured that any amount will make a difference here. But either way please write again for it would be good to hear from you. And I promise that I will be a more prompt correspondent this time around!

With every best wish to you in your retirement, I am,

Cordially and sincerely,

Gordon D. Hall
