Prof. Gordon Hall
50 Sagamore Ave.
Medford, MA 02155

Dear Gordon;

I am so glad you reached me the other day - time has flown a bit as 34 grandchild decided to arrive two weeks early, making it necessary for grandma to go up to Andover for a couple of days! Great fun.

Anyway, I wrote to Ms. Theresa Marvin, Editor of SCI News asking for back copies for you. Do please let me know if and when you hear.

Second, you have here a pack of materials, much of it out-dated but indicative of the work Sister Cities does, as well as a bit of my brand new effort as state coordinator and some back issues of our local, Winchester "Jumelage" (French for twinning) with St. Germain-en-Laye, France.

Please keep me posted on your progress and I will try to include you in everything I get by putting you on my mailing list.

Again, many thanks for the contact and happy progress!

Judie Muggia
