WHAT IS THE RUNESTONE?

THE RUNESTONE is the official publication of the Asatru Free Assembly--the oldest Norse religious group in America!

Published four times a year, this unique periodical has promoted the religion, values and culture of the Norsemen since 1972. In a typical issue you'll find articles dealing with the gods, goddesses, and religious practices of our Viking forefathers, and articles concerning the application of their values in the present--and in the future. Sometimes you'll find a short story--or a poem--or a Viking drinking song. Regular features include reports from foreign correspondents, AFA news and contacts, letters from readers, and a calendar of events and holy days of the Norse faith.

Articles in recent issues have included subjects as diverse as Midsummer festivals, the philosophy of the warrior, Odin as the patron god of space travel, the right to own weapons, the possibility of a runic inscription in New Mexico, and the origin and use of runes.

Each issue runs at least ^{twenty}~~fifteen~~ pages, sometimes more.

A subscription costs five dollars a year, or six dollars for overseas airmail. We've attached an order blank for your convenience, and we hope you'll take this opportunity to subscribe to one of the most significant little magazines around. THE RUNESTONE is as steeped in tradition as the ancient burial mounds of our ancestors, and as forward-looking as the latest speculations on space colonization.

Join us in the Viking adventure!
